NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

**To Be Held on February 23, 2023
at 9:00 a.m. Eastern Time**

Dear Stockholder:

You are cordially invited to attend the 2023 Annual Meeting of Stockholders (the “Annual Meeting”) of OneWater Marine Inc., a Delaware corporation (the “Company”). This year’s Annual Meeting will be held in a virtual-meeting format only via live webcast on February 23, 2023, at 9:00 a.m. Eastern Time. You may attend the Annual Meeting virtually via the Internet by accessing www.virtualshareholdermeeting.com/ONEW2023, where you will find instructions on how to register, vote electronically and submit questions. For additional instructions on how to attend the Annual Meeting, please review the accompanying proxy statement. Only stockholders of record on January 4, 2023 may vote at the Annual Meeting, including any adjournment or postponement thereof.

At the Annual Meeting, you will be asked to consider and vote upon:

- (1) the election of eight director nominees to serve as directors until the 2024 annual meeting of stockholders and until their successors are duly elected and qualified, subject to their earlier resignation, removal or death;
- (2) the approval of an amendment to the Company’s second amended and restated certificate of incorporation (the “Current Certificate”) to reflect new Delaware law provisions regarding officer exculpation;
- (3) the approval of an amendment to the OneWater Marine Inc. 2020 Omnibus Incentive Plan (the “Incentive Plan”);
- (4) the approval of, on an advisory (non-binding) basis, the compensation of our Named Executive Officers (as defined in the enclosed proxy statement);
- (5) the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2023; and
- (6) the transaction of such other business as may properly come before the meeting or at any and all adjournments or postponements thereof.

The accompanying proxy statement more fully describes the details of the business to be conducted at the Annual Meeting. Proposal 1 relates solely to the election of the eight directors nominated by the Board and does not include any other matters relating to the election of directors, including, without limitation, the election of directors nominated by any stockholder of the Company. After careful consideration, our Board has unanimously approved the proposals and recommends that you vote FOR the eight director nominees, FOR the approval of the amendment to the Current Certificate to reflect new Delaware law provisions regarding officer exculpation, FOR the approval of the amendment to the Incentive Plan, FOR the approval of, on an advisory (non-binding) basis, the compensation of our Named Executive Officers, and FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2023. In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be accessible by appointment for ten days prior to the meeting by contacting our Investor Relations department at IR@OneWaterMarine.com. The list of stockholders of record will also be available for review during the Annual Meeting by following the instructions on the meeting website.

We are pleased to take advantage of Securities and Exchange Commission (“SEC”) rules that allow us to provide our notice of annual meeting of stockholders, proxy statement and 2022 annual report to stockholders online, with paper copies available free of charge upon request. On or about [], 2023, we began mailing a Notice of Internet Availability of Proxy Materials (the “Notice of Internet Availability”), instead of a paper copy of our proxy materials. The Notice of Internet Availability contains instructions on how to access these

documents and how to cast your vote via the Internet. The Notice of Internet Availability also contains instructions on how to request a paper copy of our proxy materials. All stockholders who have so requested will receive a paper copy of the proxy materials by mail. We believe that this process allows us to provide our stockholders with the information they need on a more timely basis, while lowering the costs of printing and distributing our proxy materials. This proxy statement and accompanying form of proxy are dated [], 2023 and are expected to be first made available to stockholders on or about [], 2023.

Your vote is important. Whether or not you are able to attend the Annual Meeting, it is important that your shares be represented. To ensure your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting, by submitting your proxy via the telephone at 1 (800) 690-6903 or via the Internet at www.virtualshareholdermeeting.com/ONEW2023 or by completing, signing and dating the proxy card and returning it in the postage-prepaid envelope, if you have requested that a paper copy be mailed to you.

We look forward to speaking with you at the Annual Meeting.

Sincerely,

P. Austin Singleton, Jr.
Chief Executive Officer

QUESTIONS AND ANSWERS ABOUT THE PROXY STATEMENT AND THE ANNUAL MEETING

1. What are proxy materials?

The proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors (the “Board” or “Board of Directors”) of OneWater Marine Inc. (“OneWater,” the “Company,” “we” or “us”) for use at the Company’s 2023 Annual Meeting of Stockholders (the “Annual Meeting”), to be held via live webcast on February 23, 2023, at 9:00 a.m. Eastern Time by accessing www.virtualshareholdermeeting.com/ONEW2023. The proxy materials include the notice of annual meeting of stockholders, this proxy statement for the Annual Meeting, a 2022 annual report to stockholders and the proxy card or, for shares held in street name (held for your account by a broker or other nominee), a voting instruction form, for the Annual Meeting. As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this proxy statement. This proxy statement includes information that we are required to provide to you under SEC rules and is designed to assist you in voting your shares.

Pursuant to the “notice and access” rules adopted by the SEC, we have elected to provide access to our proxy materials to our stockholders via the Internet. Accordingly, on or about [], 2023, we began mailing a Notice of Internet Availability to stockholders entitled to vote at the Annual Meeting containing instructions on how to access the proxy materials and how to vote online. Please follow the instructions on the Notice of Internet Availability for requesting paper or e-mail copies of our proxy materials. In addition, stockholders of record may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis for future stockholder meetings. We believe electronic delivery will expedite the receipt of the materials and will help lower the costs of our proxy materials. Please note that, while our proxy materials are available at the website referenced in the Notice of Internet Availability and on our website, no other information contained on either website is incorporated by reference into or considered to be a part of this document.

2. Who is entitled to vote at the Annual Meeting?

Only holders of record of our Class A common stock, par value \$0.01 per share (“Class A common stock”) and Class B common stock, par value \$0.01 per share (“Class B common stock” and together with Class A common stock, our “common stock”), at the close of business on January 4, 2023 (the “Record Date”), are entitled to notice of and to vote at the Annual Meeting. Each share of common stock is entitled to one vote on all matters to be voted upon at the Annual Meeting. On the Record Date, [] shares of Class A common stock were issued and outstanding (constituting [] votes), and [] shares of Class B common stock were issued and outstanding (constituting [] votes). Holders of shares of Class A common stock and Class B common stock will vote together as a single class on all matters submitted to a vote of stockholders at the Annual Meeting. Holders of common stock do not have the right to cumulative voting in the election of directors. Shares of common stock that are present virtually during the Annual Meeting constitute shares of common stock represented “in person.”

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock on the Record Date (constituting [] votes) will constitute a quorum for the transaction of business at the

TABLE OF CONTENTS

Annual Meeting and any postponement or adjournment thereof, though the Board may fix a new record date for purposes of a postponed or adjourned meeting. Abstentions and broker non-votes, each discussed below, will be counted for the purpose of determining the presence or absence of a quorum.

You are a stockholder of record if your shares of our common stock are registered directly in your own name with our transfer agent, Broadridge Corporate Issuer Solutions, Inc. (“Broadridge”). You are a beneficial owner of shares of our common stock if a brokerage firm, bank or other agent, called a “nominee,” holds your stock. This is often called ownership in “street name” because your name does not appear in the records of Broadridge. If you are a stockholder of record, you have the right to grant your proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting. If you hold any shares in street name, you have the right to direct your nominee how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. If you hold any shares of common stock in street name, you should receive a voting instruction form from your nominee.

3. How do you vote your shares?

If you are a stockholder of record, there are four ways to vote:

- ***Virtually During the Meeting.*** You may vote online during the virtual meeting through www.virtualshareholdermeeting.com/ONEW2023. To be admitted to the Annual Meeting and vote your shares, you must go to www.virtualshareholdermeeting.com/ONEW2023 on the day of the Annual Meeting and provide the control number located on the Notice of Internet Availability or proxy card.
- ***Via the Internet.*** You may vote by proxy via the Internet at www.proxyvote.com by following the instructions provided on the Notice of Internet Availability or proxy card. You must have the control number that is on the Notice of Internet Availability or proxy card when voting.
- ***By Telephone.*** If you live in the United States or Canada, you may vote by proxy via the telephone by calling 1 (800) 690-6903. You must have the control number that is on the Notice of Internet Availability or proxy card when voting.
- ***By Mail.*** You may vote by completing, dating and signing the proxy card and returning it in the postage-prepaid envelope provided.

If you are a beneficial owner of shares held in street name, there are four ways to provide voting instructions:

- ***Virtually During the Meeting.*** You should follow the instructions provided by your nominee in order to vote during the virtual meeting at www.virtualshareholdermeeting.com/ONEW2023. To be admitted to the Annual Meeting and vote your shares, you must obtain a legal proxy from your nominee giving you the legal right to vote the shares.
- ***Via the Internet.*** You may provide voting instructions via the Internet by following the instructions provided on the Notice of Internet Availability or your voting instruction form.
- ***By Telephone.*** If it is allowed by your nominee, you may provide voting instructions via the telephone by calling the toll-free number found on your voting instruction form.
- ***By Mail.*** You may provide voting instructions by filling out the voting instruction form and returning it in the postage-prepaid envelope provided.

4. What if you receive more than one proxy card or voting instruction form?

This means that you may have more than one account at Broadridge, with a nominee, or both. Please vote all proxy cards and voting instruction forms that you receive so that all the shares that you own will be represented at the Annual Meeting.

5. How may you revoke your proxy or voting instructions?

If you are a stockholder of record, you may revoke or amend your proxy at any time before it is voted at the Annual Meeting by writing to us directly “revoking” your earlier proxy, submitting a new proxy with a later date by mail, by telephone or via the internet or by attending the Annual Meeting and voting in person. Your last dated proxy timely received prior to the Annual Meeting, or vote cast at the Annual Meeting, will be counted. If you hold your shares in street name, you must follow the instructions on your voting instruction form to revoke or amend any prior voting instructions.

6. What is discretionary authority?

If you are a stockholder of record and you properly submit your proxy without making any specific selections, your shares will be voted on each matter before the Annual Meeting in the manner recommended by the Board. If other matters not included in this proxy statement properly come before the Annual Meeting, the persons named on the proxy card, or otherwise designated, will have the authority to vote on those matters for you in their discretion. At this time, we are not aware of any matters that will come before the Annual Meeting other than those disclosed in this proxy statement. If you are a beneficial owner of shares held in street name, please see the discussion below regarding broker non-votes and the rules related to voting by nominees.

7. What are abstentions and “broker non-votes”?

Abstentions

If you are a stockholder of record and you vote “abstain” on the election of directors, the Exculpation Amendment (defined below), the Incentive Plan Amendment (defined below), the resolution to approve the compensation of our Named Executive Officers or the ratification of the appointment of the independent registered public accounting firm, your shares will not be voted on that matter but will be counted as present in person or by proxy and entitled to vote. Abstentions have the same effect as a vote “against” the election of directors, the Exculpation Amendment, the Incentive Plan Amendment, the resolution to approve the compensation of our Named Executive Officers and the ratification of the appointment of the independent registered public accounting firm.

In all cases, if you are a stockholder of record and you vote “abstain”, your shares will be counted for purposes of determining whether a quorum is present. If you are a beneficial owner holding shares through a nominee, you may instruct your nominee that you wish to abstain from voting on a proposal, and your vote will have the same effect as described above.

“Broker Non-Votes”

If you are a beneficial owner holding shares through a nominee and you fail to instruct the nominee how your shares should be voted on a particular matter, then your broker nominee may submit a vote on your behalf on “routine” matters. A broker nominee generally may not vote on “non-routine” matters without receiving your specific voting instructions. This is called a “broker non-vote.”

At the Annual Meeting, your broker nominee will not be able to submit a vote on any matter other than the ratification of the appointment of the independent registered public accounting firm, unless it receives your specific instructions. If your nominee does not receive your specific instructions for the remaining proposals, it will submit a broker non-vote.

Broker non-votes are counted as present and entitled to vote for quorum purposes, but are not considered entitled to vote and have no effect on the outcome of the election of directors, the Incentive Plan Amendment, the resolution to approve the compensation of our Named Executive Officers or the ratification of the appointment of the independent registered public accounting firm. However, because the Exculpation Amendment requires the affirmative vote of at least a majority of the voting power of the outstanding shares of our common stock, broker non-votes will have the same effect as a vote “against” this proposals.

The broker nominee, however, will be able to vote on the ratification of the appointment of our independent registered public accounting firm even if it does not receive your instructions, so we do not expect any broker non-votes will exist in connection with this proposal.

8. What proposals will be voted on at the Annual Meeting, and what votes are required to approve each of the proposals?

The required vote for each of the proposals expected to be acted upon at the Annual Meeting and the treatment of abstentions and broker non-votes under each proposal are described below:

Proposal No. 1 — Election of directors. Directors are elected by the affirmative vote of a majority of the shares of the Company's common stock that are present in person or represented by proxy and entitled to vote on the election of directors. As a result, abstentions will have the same effect as a vote "against" a nominee, but broker non-votes will have no effect on the outcome.

Proposal No. 2 — Approval of the amendment to the Current Certificate to reflect new Delaware law provisions regarding officer exculpation. This proposal (the "Exculpation Amendment") must be approved by the affirmative vote of a majority of the voting power of the outstanding shares of stock of the Company entitled to vote thereon, voting together as a single class. As a result, abstentions and broker non votes will have the same effect as a vote "against" the proposal.

Proposal No. 3 — Approval of the amendment to the Incentive Plan. This proposal (the "Incentive Plan Amendment") must be approved by the affirmative vote of a majority of the shares of the Company's common stock that are present in person or represented by proxy and entitled to vote thereon. As a result, abstentions will have the same effect as a vote "against" the proposal, but broker non-votes will have no effect on the outcome.

Proposal No. 4 — Approval of, on an advisory (non-binding) basis, the compensation of our Named Executive Officers. Because this proposal asks for a non-binding, advisory vote, there is no "required vote" that would constitute approval of the compensation of our Named Executive Officers. We value the opinions expressed by our stockholders with respect to this advisory vote, and our compensation committee, which is responsible for overseeing and administering our compensation programs, will consider the outcome of the vote, including whether the votes cast "for" this proposal represent the affirmative vote of the majority of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote when designing our compensation programs and making future compensation decisions for our Named Executive Officers. We will consider this advisory proposal approved if it receives the affirmative vote of the majority of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. As a result, abstentions will have the same effect as a vote "against" the proposal. Broker non-votes will have no effect on the vote outcome.

Proposal No. 5 — Ratification of appointment of independent registered public accounting firm. This proposal must be approved by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. As a result, abstentions will have the same effect as a vote "against" the proposal. As discussed above, we do not expect any broker non-votes with respect to this proposal.

9. How does the Board recommend you vote on the proposals?

- "FOR" the election of each director nominee.
- "FOR" the approval of the amendment to the Current Certificate to reflect new Delaware law provisions regarding officer exculpation.
- "FOR" the approval of the amendment to the Incentive Plan.
- "FOR" the approval of, on an advisory (non-binding) basis, the compensation of our Named Executive Officers.
- "FOR" the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2023.

10. What do you need to do to attend the Annual Meeting?

The Annual Meeting will be a completely virtual meeting. There will be no physical meeting location. The meeting will only be conducted via live webcast. This virtual-meeting format uses technology designed to increase stockholder access and provide stockholders rights and opportunities to participate in the meeting similar to what they would have at an in-person meeting.

In order to attend, you must register in advance at www.virtualshareholdermeeting.com/ONEW2023. As part of the registration process, you must enter the control number located in your Notice of Internet Availability, proxy card or voting instruction form. Upon completing your registration, you will receive further instructions via email, including your unique link that will allow you access to the Annual Meeting and to vote and to submit questions during the Annual Meeting. Please be sure to follow the instructions found on your Notice of Internet Availability, proxy card or voting instruction form and subsequent instructions that will be delivered to you via email. If you are a beneficial owner of shares registered in the name of a broker, bank or other nominee, you will also need to provide the registered name on your account and the name of your broker, bank or other nominee as part of the registration process.

On the day of the Annual Meeting, February 23, 2023, stockholders may begin to log in to the virtual-only Annual Meeting 15 minutes prior to the Annual Meeting. The Annual Meeting will begin promptly at 9:00 a.m. Eastern Time. **Please allow ample time for online registration and login procedures.**

We will have technicians ready to assist you with any technical difficulties you may have accessing the Annual Meeting. If you encounter any difficulties accessing the virtual-only Annual Meeting platform, including any difficulties voting or submitting questions, you may call the technical support number that will be posted on the virtual meeting login page at www.virtualshareholdermeeting.com/ONEW2023.

11. Will I be able to ask questions and participate in the Annual Meeting?

We are aware of concerns that virtual meetings may diminish stockholder voices or reduce accountability and are taking steps to address these concerns. For example, our virtual meeting format enhances, rather than constrains, stockholder access, participation and communication because the online format allows stockholders to communicate with us during the Annual Meeting so they can ask questions to our Board, management and a representative from our independent registered public accounting firm.

We have reserved 20 minutes for stockholder questions at our Annual Meeting. We will answer stockholder questions as they come in, as time permits. We are committed to publicly answering each question received following the Annual Meeting, with the exception of any questions that are irrelevant to the purpose of the Annual Meeting or our business or that contain inappropriate or derogatory references. If we receive substantially similar questions, we will group such questions together and provide a single response to avoid repetition.

12. What if I have technical difficulties or trouble accessing the Annual Meeting?

We encourage you to access the Annual Meeting before it begins. Online check-in will start approximately fifteen minutes before the meeting on February 23, 2023. If you have difficulty accessing the meeting, please call the technical support number that will be posted on the virtual meeting login page at www.virtualshareholdermeeting.com/ONEW2023. We will have technicians available to assist you.

13. You share an address with another stockholder. Why did you receive only one copy of the proxy materials, and how may you obtain an additional copy of the proxy materials?

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for the proxy materials with respect to two or more stockholders sharing the same address by delivering a single set of the proxy materials addressed to those stockholders. This process, which is commonly referred to as “householding,” is intended to provide extra convenience for stockholders and cost savings to the companies.

A number of brokers with account holders who are stockholders may be “householding” our proxy materials. A single set of proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise, or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate set of materials, please notify your broker or the Company at OneWater Marine Inc., 6275 Lanier Islands Parkway, Buford, Georgia 30518 or (678) 541-6300, in each case Attention: Chief Financial Officer, and the Company will promptly deliver such additional materials to you. Stockholders who have multiple accounts in their names or who share an address with other stockholders can request “householding” and authorize your broker to discontinue mailings of multiple annual reports and proxy statements by contacting your broker or the Company at OneWater Marine Inc., 6275 Lanier Islands Parkway, Buford, Georgia 30518 or (678) 541-6300, in each case Attention: Chief Financial Officer.

14. How will the results of voting be announced?

We expect to announce the preliminary voting results at the Annual Meeting. The final voting results will be tallied by the inspector of elections and published in a Current Report on Form 8-K, which we are required to file with the SEC within four business days after the Annual Meeting.

15. Who pays the costs of solicitation?

The Company will pay all of the costs of soliciting proxies. We will provide copies of our proxy materials to brokerage firms, fiduciaries and custodians for forwarding to beneficial owners who request printed copies of these materials and will reimburse these persons for their costs of forwarding these materials. Our directors, officers and employees may also solicit proxies by telephone, facsimile or personal solicitation; however, we will not pay these individuals additional compensation for any of these services.

PROPOSAL NO. 1 – ELECTION OF DIRECTORS**Background**

In February 2022, following approval by the Company’s stockholders at the 2022 Annual Meeting of Stockholders, the Company’s Current Certificate was amended to declassify the Board (the “Declassification Amendment”). Prior to the Declassification Amendment, the Board consisted of nine directors divided into three classes, and directors in each class were elected to serve three-year staggered terms that expired in successive years. At the 2022 Annual Meeting of Stockholders, as a result of the Board’s ongoing review of the Company’s corporate governance policies, the Board recommended that the Company’s stockholders approve the Declassification Amendment to enhance stockholder input, feedback and engagement through the annual meeting of stockholders process. As a result of the Declassification Amendment, commencing with the Annual Meeting, all directors will be elected annually for one-year terms.

The Board is currently made up of ten members: Anthony Aisquith, Christopher W. Bodine, Bari A. Harlam, Jeffrey B. Lamkin, Mitchell W. Legler, J. Steven Roy, John F. Schraudenbach, P. Austin Singleton, Keith R. Style and John G. Troiano. As described below, the Board has nominated Anthony Aisquith, Christopher W. Bodine, Bari A. Harlam, Jeffrey B. Lamkin, J. Steven Roy, John F. Schraudenbach, P. Austin Singleton and John G. Troiano for election at the Annual Meeting and each has indicated their willingness to serve if elected. Two of our current directors have not been nominated for election at the Annual Meeting: Mitchell W. Legler, who is not eligible for reelection under the mandatory retirement provisions of the Company’s corporate governance guidelines, and Keith R. Style. Accordingly, if shareholders approve the re-election of the eight nominated members at the Annual Meeting, our Board will automatically be reduced to eight members as of the date of the Annual Meeting. You may not vote by proxy or in person for a greater number of persons than the eight director nominees.

Nomination of Directors

The nominating and governance committee of our Board identifies, evaluates and recommends to the Board potential nominees for election to the Board. In reviewing potential nominees, the nominating and governance committee considers the qualifications of each potential nominee with the qualification standards set forth in its committee charter and in our corporate governance guidelines. Specifically, the nominating and governance committee considers, among other things, each potential nominee’s past Board and committee meeting attendance and performance; personal and professional integrity, including commitment to the Company’s core values; and relevant experiences, skills, qualifications and contributions that the nominee brings to the Board. The Board membership criteria are set forth in our corporate governance guidelines and nominating and governance committee charter, copies of which are available under “Investors > Corporate Governance > Governance Documents” on our website at www.onewatermarine.com. After reviewing the qualifications of potential Board candidates, the nominating and governance committee presents its recommendations to the Board, which selects the final director nominees. Upon the recommendation of the nominating and governance committee, the Board nominated Anthony Aisquith, Christopher W. Bodine, Bari A. Harlam, Jeffrey B. Lamkin, J. Steven Roy, John F. Schraudenbach, P. Austin Singleton and John G. Troiano for election as directors. The Company did not pay any fees to any third parties to identify or assist in identifying or evaluating nominees for the Annual Meeting. The nominating and governance committee considers stockholder nominees using the same criteria set forth above. Stockholders who wish to present a potential nominee to the nominating and governance committee for consideration for election at a future annual meeting of stockholders must provide the nominating and governance committee with notice of the recommendation and certain information regarding the candidate as described in our second amended and restated bylaws (the “Bylaws”) and within the time periods set forth under the caption “Notice of Stockholder Business and Nominations.”

Pursuant to our corporate governance guidelines, the Company endeavors to have a Board consisting of directors who possess the highest personal and professional ethics, integrity and values, and who are committed to representing the long-term interests of the Company and its stockholders. The nominating and governance committee will also consider such factors as diversity, including differences in viewpoints, background, education, gender, race or ethnicity, age and other individual qualifications and attributes. The Company is committed to considering candidates for the Board regardless of gender, race, ethnicity and national origin, and the nominating and governance committee will encourage a search firm, if retained, to seek to present diverse candidates among those candidates presented.

TABLE OF CONTENTS

Nominees

The nominating and governance committee has recommended, and the Board has nominated, Messrs. Aisquith, Bodine, Lamkin, Roy, Schraudenbach, Singleton and Troiano and Ms. Harlam to be elected as directors at the Annual Meeting. The following table sets forth the following information for Messrs. Aisquith, Bodine, Lamkin, Roy, Schraudenbach, Singleton and Troiano and Ms. Harlam: their respective ages as of the Record Date, the positions currently held with the Company and the year each was first elected or appointed a director of the Company.

Nominee/Director Name	Age	Position	Director Since
Anthony Aisquith	55	President, Chief Operating Officer and Director	2020
Christopher W. Bodine	67	Director	2020
Bari A. Harlam	61	Director	2020
Jeffrey B. Lamkin	53	Director	2020
J. Steven Roy	62	Director	2022
John F. Schraudenbach	63	Director	2020
P. Austin Singleton	49	Founder, Chief Executive Officer and Director	2020
John G. Troiano	52	Director	2020

Mr. Legler, a current director and Chairman of the Board, is not eligible to be renominated as a director because the Company's corporate governance guidelines prohibit nominating a director to a new term if he or she would be age 80 or older at the time of election unless the Board approves an exception on a case by case basis. Mr. Style, a current director, is not being renominated as a director.

Board Matrix

The following matrix provides information regarding each nominee for election as a director, including certain types of experiences and skills that the Board of Directors has determined are important. The matrix does not encompass all of the experiences and skills of our directors, and the fact that a particular experience or skill is not listed does not mean that a director does not possess it.

**PROPOSAL NO. 2 – APPROVAL OF THE AMENDMENT TO THE COMPANY’S AMENDED AND
RESTATED CERTIFICATE OF INCORPORATION TO REFLECT NEW DELAWARE LAW
PROVISIONS REGARDING OFFICER EXCULPATION**

Background

The State of Delaware, which is the Company’s state of incorporation, recently enacted legislation that enables Delaware companies to limit the liability of certain officers in limited circumstances under Section 102(b)(7) of the Delaware General Corporation Law (“DGCL”). The new Delaware legislation only permits, and, if our Exculpation Amendment is adopted, our amended and restated certificate of incorporation would only permit, exculpation for direct claims brought by stockholders for breach of an officer’s fiduciary duty of care, including class actions, but would not eliminate officers’ monetary liability for breach of fiduciary duty claims brought by the Company itself or for derivative claims brought by stockholders in the name of the Company. Furthermore, the limitation on liability would not apply to breaches of the duty of loyalty, acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, or any transaction in which the officer derived an improper personal benefit. The rationale for limiting the scope of liability, as further described below, is to strike a balance between stockholders’ interest in accountability and their interest in the Company being able to attract and retain quality officers to work on its behalf.

The Board has unanimously approved the Exculpation Amendment, subject to stockholder approval. The Board has unanimously determined that the Exculpation Amendment is advisable and in the best interests of the Company and our stockholders, and, in accordance with the DGCL, hereby seeks approval of the Exculpation Amendment by our stockholders.

Reasons for the Exculpation Amendment

The nominating and governance committee believes that there is a need for directors and officers to remain free of the risk of financial ruin as a result of an unintentional misstep. Furthermore, adopting the Exculpation Amendment would ensure that the Company remains able to attract and retain the most qualified officers. The nominating and governance committee has additionally determined that the proposed provision would not negatively impact stockholder rights. Thus, in light of the narrow class and type of claims for which officers’ liability would be exculpated, and the benefits that the nominating and governance committee believe would accrue to the Company and its stockholders in the form of an enhanced ability to attract and retain quality officers, the nominating and governance committee recommended to the Board the Exculpation Amendment.

Frequently, directors and officers must make decisions in response to time-sensitive opportunities and challenges, which can create substantial risk of investigations, claims, actions, suits or proceedings seeking to impose liability on the basis of hindsight, especially in the current litigious environment and regardless of merit. Limiting concern about personal risk would empower both directors and officers to best exercise their business judgment in furtherance of stockholder interests. Furthermore, the Company expects its peers to adopt exculpation clauses that limit the personal liability of officers in their Certificate of Incorporation and failing to adopt the amendment could impact our recruitment and retention of exceptional officer candidates that conclude that the potential exposure to liabilities, costs of defense and other risks of proceedings exceeds the benefits of serving as an officer of the Company.

Adopting the Exculpation Amendment would better position the Company to attract top officer candidates and retain our current officers and enable the officers to exercise their business judgment in furtherance of the interests of the stockholders without the potential for distraction posed by the risk of personal liability. This amendment will also more generally align the protections available to our directors with those available to our officers. In view of the above considerations, our Board has unanimously determined to provide for the exculpation of officers as proposed.

Proposed Exculpation Amendment

The Board is asking our stockholders to approve the amendment to Article NINTH of our Current Certificate. The text of the Exculpation Amendment is attached hereto as Appendix A, with additions marked with bold, underlined text and deletions indicated by strike-out text.

Effectiveness of the Exculpation Amendment

If the Exculpation Amendment is approved by our stockholders, the Exculpation Amendment will become effective upon the filing of a Certificate of Amendment with the Delaware Secretary of State, which filing is

expected to occur as soon as reasonably practicable after the Annual Meeting. If the Exculpation Amendment is not approved by our stockholders, the Current Certificate will not be amended, and no exculpation will be provided for our officers.

Vote Required

Approval of the Exculpation Amendment requires the affirmative vote of a majority of the voting power of the outstanding shares of stock of the Company entitled to vote thereon, voting together as a single class. As a result, abstentions and broker non-votes will have the same effect as a vote “against” this proposal.

Holders of proxies solicited by this proxy statement will vote the proxies received by them as directed on the proxy card or, if no direction is given, then FOR the approval of the Exculpation Amendment.

THE BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE PROPOSED AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO REFLECT NEW DELAWARE LAW PROVISIONS REGARDING OFFICER EXCULPATION.

**PROPOSAL NO. 3 – APPROVAL OF THE AMENDMENT TO THE ONEWATER MARINE INC. 2020
OMNIBUS INCENTIVE PLAN**

Background

At the Annual Meeting, stockholders will be asked to approve the Incentive Plan Amendment, which increases the limitation on the aggregate value of awards that may be issued under the Incentive Plan in any calendar year to our non-employee directors. The Incentive Plan provides that the maximum value of cash and shares of our Class A common stock subject to awards granted under the Incentive Plan in any calendar year to our non-employee directors may not exceed \$75,000. The Board believes that the Incentive Plan has assisted in our recruitment and retention of qualified non-employee directors and has helped align their interests with the interests of our stockholders. The Board believes that the Incentive Plan Amendment will allow us to remain competitive among our peers and to continue to promote these interests. If approved by our stockholders, the Incentive Plan Amendment would become effective on February 23, 2023.

On February 6, 2020 (the “Effective Date”), the Board adopted, and our stockholders approved, the Incentive Plan. On December 1, 2022, the Board adopted the Incentive Plan Amendment, subject to the approval of our stockholders. The purpose of the Incentive Plan Amendment is to increase the limitation on the value of cash and shares of our Class A common stock subject to awards that may be granted under the Incentive Plan in any calendar year from \$75,000 to \$750,000. As discussed below, the Board approved, subject to stockholder approval of the Incentive Plan Amendment, an updated director compensation policy which will increase the value of the annual restricted stock unit awards granted to non-employee directors from \$75,000 to \$125,000. Further, the nominating and corporate governance committee of the Board approved the grant of a total of 25,280 restricted stock units to certain of our non-employee directors, subject to stockholder approval of this proposal. The total number of shares of our Class A common stock reserved for issuance pursuant to awards under the Incentive Plan is equal to 10% of our fully diluted shares outstanding from time to time. As of January 4, 2023, [____] shares of our Class A common stock remained available for issuance under the Incentive Plan. For a further discussion of the securities authorized for issuance under the Incentive Plan, see “Equity Compensation Plan Information” below. The closing market price of our shares of Class A common stock as of January 4, 2023 was \$[____] per share, as reported on the Nasdaq.

Reasons for the Incentive Plan Amendment

The Board believes it is advisable and in the best interests of the Company and our stockholders to increase the annual limitation on the aggregate value of awards that may be granted under the Incentive Plan in any calendar year to our non-employee directors. The Board believes that equity awards assist in recruiting, retaining and motivating directors by giving them an opportunity to obtain long-term equity participation in the Company. In addition, equity awards are an important contributor to aligning the incentives of our directors with the interests of our stockholders. The Board also believes equity awards are essential to attracting new non-employee directors. Qualified non-employee directors are critical to our continued success. The Board believes that we must provide non-employee directors with equity-based compensation that is competitive with the equity incentives offered by our peers. The inability to offer such equity incentives to new and current non-employee directors would put us at a competitive disadvantage with respect to attracting and retaining qualified non-employee directors.

Consequences of Failing to Approve the Incentive Plan Amendment

The Incentive Plan Amendment will not be implemented unless approved by stockholders. If the Incentive Plan Amendment is not approved by stockholders, the Incentive Plan will remain in effect in its present form and we will continue to grant awards thereunder until the share reserve under the Incentive Plan is exhausted or the Incentive Plan expires. If that occurs, we may be compelled to increase significantly the cash component of our director compensation, which may not necessarily align director compensation interests with the investment interests of our stockholders, as well as the alignment provided by equity-based awards. Replacing equity awards with cash would also increase cash compensation expense and use cash that could be better utilized if reinvested in our businesses or returned to our stockholders.

Description of the Incentive Plan

A summary description of the material features of the Incentive Plan, as amended to reflect the Incentive Plan Amendment, is set forth below. This summary does not purport to be a complete description of all the

provisions of the Incentive Plan or the Incentive Plan Amendment and is qualified in its entirety by reference to (i) the Incentive Plan, which was filed as Exhibit 10.5 to our Current Report on Form 8-K on February 18, 2020 and is incorporated by reference herein, and (ii) the Incentive Plan Amendment, which is attached as [Appendix B](#) to this proxy statement and is incorporated by reference herein. The purpose of the Incentive Plan is to provide incentives to our employees, non-employee directors and other service providers in order to induce them to work for the benefit of, and to promote the success of, the Company and its affiliates and to attract, reward and retain key personnel.

Incentive Plan Share Limits. Subject to adjustment in the event of certain transactions or changes of capitalization in accordance with the Incentive Plan, the total number of shares of our Class A common stock reserved for issuance pursuant to awards under the Incentive Plan is equal to 10% of our fully diluted shares outstanding from time to time. The total number of shares reserved for issuance under the Incentive Plan that may be issued pursuant to incentive stock options (which generally are stock options that meet the requirements of Section 422 of the Code) is 673,777. Class A common stock subject to an award that expires or is cancelled, forfeited, exchanged, settled in cash or otherwise terminated without delivery of shares (including forfeiture of restricted stock awards) and shares withheld to pay the exercise price of, or to satisfy the withholding obligations with respect to, an award will again be available for delivery pursuant to other awards under the Incentive Plan.

The Incentive Plan provides that the maximum value of cash and shares of our Class A common stock subject to awards granted under the Incentive Plan in any calendar year to our non-employee directors may not exceed \$75,000. If approved by our stockholders, the Incentive Plan Amendment would increase such limitation to \$750,000 and would further provide that awards may be granted in excess of such limit in the first year a non-employee director joins the Board, serves on a special committee or serves as lead director or chair of the Board.

Administration. The Incentive Plan is administered by our Board, except to the extent the Board elects a committee of directors to administer the Incentive Plan (the “administrator”). The administrator has broad discretion to administer the Incentive Plan, including the power to determine the eligible individuals to whom awards will be granted, the number and type of awards to be granted and the terms and conditions of awards. The administrator may also accelerate the vesting or exercise of any award and make all other determinations and take all other actions necessary or advisable for the administration of the Incentive Plan.

Eligibility. Any individual who is our officer or employee or an officer or employee of any of our affiliates, and any other person who provides services to us or our affiliates, including members of our Board, are eligible to receive awards under the Incentive Plan at the discretion of the administrator.

Incentive Plan Awards. The Incentive Plan provides for the grant, from time to time, at the discretion of our Board or a committee thereof, of stock options, stock appreciation rights (“SARs”), restricted stock, restricted stock units, stock awards, dividend equivalents, other stock-based awards, cash awards, substitute awards and performance awards.

Stock Options. The administrator may grant incentive stock options and options that do not qualify as incentive stock options (“ISOs”), except that incentive stock options may only be granted to persons who are our employees or employees of one of our subsidiaries, in accordance with Section 422 of the Code. The exercise price of a stock option generally cannot be less than 100% of the fair market value of a share of our Class A common stock on the date on which the option is granted and the option must not be exercisable for longer than ten years following the date of grant. In the case of an incentive stock option granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of our capital stock, the exercise price of the stock option must be at least 110% of the fair market value of a share of our Class A common stock on the date of grant and the option must not be exercisable more than five years from the date of grant.

Stock Appreciation Rights. A SAR is the right to receive an amount equal to the excess of the fair market value of one share of our Class A common stock on the date of exercise over the grant price of the SAR. The grant price of a SAR generally cannot be less than 100% of the fair market value of a share of our Class A common stock on the date on which the SAR is granted. The term of a SAR may not exceed ten years. SARs may be granted in connection with, or independent of, a stock option. SARs may be paid in cash, Class A common stock or a combination of cash and Class A common stock, as determined by the administrator.

Restricted Stock. Restricted stock is a grant of shares of Class A common stock subject to the restrictions on transferability and risk of forfeiture imposed by the administrator. In the discretion of the administrator, dividends distributed prior to vesting may be subject to the same restrictions and risk of forfeiture as the restricted stock with respect to which the distribution was made.

Restricted Stock Units. A restricted stock unit is a right to receive cash, Class A common stock or a combination of cash and Class A common stock at the end of a specified period equal to the fair market value of one share of our Class A common stock on the date of vesting. Restricted stock units may be subject to the restrictions, including a risk of forfeiture, imposed by the administrator.

Stock Awards. A stock award is a transfer of unrestricted shares of our Class A common stock on terms and conditions determined by the administrator.

Dividend Equivalents. Dividend equivalents entitle an individual to receive cash, shares of Class A common stock, other awards, or other property equal in value to dividends or other distributions paid with respect to a specified number of shares of our Class A common stock. Dividend equivalents may be awarded on a free-standing basis or in connection with another award (other than an award of restricted stock or a stock award). The administrator may provide that dividend equivalents will be paid or distributed when accrued or at a later specified date, including at the same time and subject to the same restrictions and risk of forfeiture as the award with respect to which the dividends accrue if they are granted in tandem with another award.

Other Stock-Based Awards. Subject to limitations under applicable law and the terms of the Incentive Plan, the administrator may grant other awards related to our Class A common stock. Such awards may include, without limitation, awards that are convertible or exchangeable debt securities, other rights convertible or exchangeable into our Class A common stock, purchase rights for Class A common stock, awards with value and payment contingent upon our performance or any other factors designated by the administrator, and awards valued by reference to the book value of our Class A common stock or the value of securities of, or the performance of, our affiliates.

Cash Awards. The Incentive Plan permits the grant of awards denominated in and settled in cash as an element of or supplement to, or independent of, any award under the Incentive Plan.

Substitute Awards. Awards may be granted in substitution or exchange for any other award granted under the Incentive Plan or any other right of an eligible person to receive payment from us. Awards may also be granted under the Incentive Plan in substitution for similar awards held by individuals who become eligible persons as a result of a merger, consolidation or acquisition of another entity or the assets of another entity by or with us or one of our affiliates.

Performance Awards. Performance awards represent awards with respect to which a participant's right to receive cash, shares of our Class A common stock, or a combination of both, is contingent upon the attainment of one or more specified performance measures during a specified period. The administrator will determine the applicable performance period, the performance goals and such other conditions that apply to each performance award. The administrator may use any business criteria and other measures of performance it deems appropriate in establishing the performance goals applicable to a performance award.

Recapitalization. In the event of any change in our capital structure or business or other corporate transaction or event that would be considered an equity restructuring, the administrator shall or may (as required by applicable accounting rules) equitably adjust the (i) aggregate number or kind of shares that may be delivered under the Incentive Plan, (ii) the number or kind of shares or amount of cash subject to an award, (iii) the terms and conditions of awards, including the purchase price or exercise price of awards and performance goals, and (iv) the applicable share-based limitations with respect to awards provided in the Incentive Plan, in each case to equitably reflect such event.

Change in Control. Except to the extent otherwise provided in any applicable award agreement, no award will vest solely upon the occurrence of a change in control. In the event of a change in control or other changes to us or our Class A common stock, our Board may, at its discretion, (i) accelerate the time of exercisability of an award, (ii) require awards to be surrendered in exchange for a cash payment (including cancelling a stock option or SAR for no consideration if it has an exercise price or the grant price less than the value paid in the transaction), or (iii) make any other adjustments to awards that the administrator deems appropriate to reflect the applicable transaction or event (including the assumption of awards by a successor).

No Repricing. Except in connection with (i) the issuance of substitute awards granted to new service providers in connection with a transaction or (ii) adjustments to awards granted under the Incentive Plan as a result of a transaction or recapitalization involving us, without the approval of the stockholders of OneWater Inc., the terms of an outstanding option or SAR may not be amended to reduce the exercise price or grant price or to take any similar action that would have the same economic result.

Clawback. All awards granted under the Incentive Plan are subject to reduction, cancellation or recoupment under any written clawback policy that we may adopt and that we determine should apply to awards under the Incentive Plan.

Amendment and Termination. The Incentive Plan will automatically expire on the tenth anniversary of the Effective Date. Our Board may amend or terminate the Incentive Plan at any time, subject to stockholder approval if required by applicable law, rule or regulation, including the rules of the stock exchange on which our shares of Class A common stock are listed. Our Board may amend the terms of any outstanding award granted under the Incentive Plan at any time so long as the amendment would not adversely affect the rights of a participant under a previously granted award without the participant's consent (or unless required by law or unless necessary to preserve the economic value of an award).

U.S. Federal Income Tax Consequences

The following discussion is for general information only and is intended to summarize briefly the United States federal income tax consequences to participants arising from participation in the Incentive Plan. This description is based on current law, which is subject to change (possibly retroactively). The tax treatment of a participant in the Incentive Plan may vary depending on his particular situation and may, therefore, be subject to special rules not discussed below. No attempt has been made to discuss any potential foreign, state, or local tax consequences. In addition, nonqualified stock options and SARs with an exercise price less than the fair market value of shares of common stock on the date of grant, SARs payable in cash, restricted stock units, and certain other awards that may be granted pursuant to the Incentive Plan, could be subject to additional taxes unless they are designed to comply with certain restrictions set forth in Section 409A of the Internal Revenue Code and guidance promulgated thereunder.

Tax Consequences to Participants under the Incentive Plan

Options and SARs. Participants will not realize taxable income upon the grant of an option or a SAR. Upon the exercise of a nonqualified stock option or a SAR, a participant will recognize ordinary compensation income (subject to withholding if the participant is an employee) in an amount equal to the excess of (i) the amount of cash and the fair market value of the shares of common stock received, over (ii) the exercise price of the award. A participant will generally have a tax basis in any shares of common stock received pursuant to the exercise of a nonqualified stock option or SAR that equals the fair market value of such shares of common stock on the date of exercise. Subject to the discussion under “—Tax Consequences to the Company” below, the Company will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules. When a participant sells the shares of common stock acquired as a result of the exercise of a nonqualified stock option or SAR, any appreciation (or depreciation) in the value of the shares of common stock after the exercise date is treated as long- or short-term capital gain (or loss) for federal income tax purposes, depending on the holding period. The shares of common stock must be held for more than 12 months to qualify for long-term capital gain treatment.

Participants eligible to receive an option intended to qualify as an incentive option (i.e., under Section 422 of the Code) will not recognize taxable income on the grant of an incentive option. Upon the exercise of an incentive option, a participant will not recognize taxable income, although the excess of the fair market value of the shares of common stock received upon exercise of the incentive option (“ISO Shares”) over the exercise price will increase the alternative minimum taxable income of the participant, which may cause such participant to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an incentive option would be allowed as a credit against the participant's regular tax liability in a later year to the extent the participant's regular tax liability is in excess of the alternative minimum tax for that year.

Upon the disposition of ISO Shares that have been held for the required holding period (generally, at least two years from the date of grant and one year from the date of exercise of the incentive option), a participant will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the

disposition over the exercise price paid by the participant for the ISO Shares. However, if a participant disposes of ISO Shares that have not been held for the requisite holding period (a “Disqualifying Disposition”), the participant will recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the ISO Shares at the time of exercise of the incentive option (or, if less, the amount realized in the case of an arm’s length disposition to an unrelated party) exceeds the exercise price paid by the participant for such ISO Shares. A participant would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the ISO Shares on the exercise date. If the exercise price paid for the ISO Shares exceeds the amount realized (in the case of an arm’s-length disposition to an unrelated party), such excess would ordinarily constitute a capital loss.

The Company will generally not be entitled to any federal income tax deduction upon the grant or exercise of an incentive option, unless a participant makes a Disqualifying Disposition of the ISO Shares. If a participant makes a Disqualifying Disposition, the Company will then, subject to the discussion below under “—Tax Consequences to the Company,” be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by a participant under the rules described in the preceding paragraph.

Under current rulings, if a participant transfers previously held shares of common stock (other than ISO Shares that have not been held for the requisite holding period) in satisfaction of part or all of the exercise price of an option, whether a nonqualified stock option or an incentive option, no additional gain will be recognized on the transfer of such previously held shares of common stock in satisfaction of the nonqualified stock option or incentive option exercise price (although a participant would still recognize ordinary compensation income upon exercise of a nonqualified stock option in the manner described above). Moreover, that number of shares of common stock received upon exercise which equals the number of previously held shares of common stock surrendered in satisfaction of the nonqualified stock option or incentive option exercise price will have a tax basis that equals, and a capital gains holding period that includes, the tax basis and capital gains holding period of the previously held shares of common stock surrendered in satisfaction of the nonqualified stock option or incentive option exercise price. Any additional shares of common stock received upon exercise will have a tax basis that equals the amount of cash (if any) paid by the participant, plus the amount of compensation income recognized by the participant under the rules described above.

The Incentive Plan generally prohibits the transfer of awards other than by will or according to the laws of descent and distribution or pursuant to a qualified domestic relations order, but the Incentive Plan allows the committee to permit the transfer of awards (other than incentive options), in its discretion. For income and gift tax purposes, certain transfers of nonqualified stock options should generally be treated as completed gifts, subject to gift taxation.

The Internal Revenue Service has not provided formal guidance on the income tax consequences of a transfer of nonqualified stock options (other than in the context of divorce) or SARs. However, the Internal Revenue Service has informally indicated that after a transfer of options (other than in the context of divorce pursuant to a domestic relations order), the transferor will recognize income, which will be subject to withholding, and FICA/FUTA taxes will be collectible at the time the transferee exercises the options. If a nonqualified stock option is transferred pursuant to a domestic relations order, the transferee will recognize ordinary income upon exercise by the transferee, which will be subject to withholding, and FICA/FUTA taxes (attributable to and reported with respect to the transferor) will be collectible from the transferee at such time.

In addition, if a participant transfers a vested nonqualified stock option to another person and retains no interest in or power over it, the transfer is treated as a completed gift. The amount of the transferor’s gift (or generation-skipping transfer, if the gift is to a grandchild or later generation) equals the value of the nonqualified stock option at the time of the gift. The value of the nonqualified stock option may be affected by several factors, including the difference between the exercise price and the fair market value of the shares of common stock, the potential for future appreciation or depreciation of the shares of common stock, the time period of the nonqualified stock option and the illiquidity of the nonqualified stock option. The transferor will be subject to a federal gift tax, which will be limited by (i) the annual exclusion of \$17,000 per donee (for 2023, subject to adjustment in future years), (ii) the transferor’s lifetime unified credit, or (iii) the marital or charitable deductions. The gifted nonqualified stock option will not be included in the participant’s gross estate for purposes of the federal estate tax or the generation-skipping transfer tax.

This favorable tax treatment for vested nonqualified stock options has not been extended to unvested nonqualified stock options. Whether such consequences apply to unvested nonqualified stock options or to SARs is uncertain and the gift tax implications of such a transfer is a risk that the transferor will bear upon such a disposition.

Other Awards: Stock Awards, Restricted Stock Units, Other Stock-Based Awards, and Cash Awards. A participant will recognize ordinary compensation income upon receipt of cash pursuant to a cash award or, if earlier, at the time the cash is otherwise made available for the participant to draw upon. Individuals will not have taxable income at the time of grant of a restricted stock unit award, but rather, will generally recognize ordinary compensation income at the time he or she receives cash or shares of common stock in settlement of the restricted stock unit award, as applicable, in an amount equal to the cash or the fair market value of the shares of common stock received.

A recipient of a stock award or other stock-based award or the receipt of shares pursuant to an incentive award or performance award generally will be subject to tax at ordinary income tax rates on the fair market value of the shares of common stock when received, reduced by any amount paid by the recipient; however, if the shares of common stock are not transferable and are subject to a substantial risk of forfeiture when received, a participant will recognize ordinary compensation income in an amount equal to the fair market value of the shares of common stock (i) when the shares of common stock first become transferable and are no longer subject to a substantial risk of forfeiture, in cases where a participant does not make a valid election under Section 83(b) of the Code, or (ii) when the award is received, in cases where a participant makes a valid election under Section 83(b) of the Code. If a Section 83(b) election is made and the shares of common stock are subsequently forfeited, the recipient will not be allowed to take a deduction for the value of the forfeited shares of common stock. If a Section 83(b) election has not been made, any dividends received with respect to Restricted Stock that are subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient; otherwise the dividends will be treated as dividends.

A participant who is an employee will be subject to withholding for federal, and generally for state and local, income taxes at the time he or she recognizes income under the rules described above. The tax basis in the shares of common stock received by a participant will equal the amount recognized by the participant as compensation income under the rules described in the preceding paragraph, and the participant's capital gains holding period in those shares of common stock will commence on the later of the date the shares of common stock are received or the restrictions lapse. Subject to the discussion below under "—Tax Consequences to the Company," the Company will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules.

Tax Consequences to the Company

Reasonable Compensation. In order for the amounts described above to be deductible by the Company (or a subsidiary), such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

Golden Parachute Payments. The ability of the Company (or the ability of one of its subsidiaries) to obtain a deduction for future payments under the Incentive Plan could also be limited by the golden parachute rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of an employer-corporation.

Section 162(m). The ability of the Company (or the ability of one of its subsidiaries) to obtain a deduction for amounts paid under the Incentive Plan could be limited by Section 162(m) of the Code. Section 162(m) of the Code limits the Company's ability to deduct compensation, for federal income tax purposes, paid during any year to a "covered employee" (within the meaning of Section 162(m) of the Code) in excess of \$1,000,000.

New Plan Benefits

The grant of stock options or other awards under the Incentive Plan is subject to the discretion of the administrator. As of the date of this proxy statement, there has been no determination by the administrator with respect to future awards under the Incentive Plan other than as set forth below. Accordingly, future awards, other than as described below, are not determinable.

The nominating and governance committee of our Board approved, subject to and effective upon stockholder approval of the Incentive Plan Amendment, the award of 12,000 restricted stock units to Mitchell W. Legler in

recognition of his long term service to, and retirement from, the Board (the “Proposed Legler Award”). Further, the Board approved an updated director compensation policy, which, subject to approval of this proposal, will increase the value of the annual restricted stock unit awards granted to non-employee directors from \$75,000 to \$125,000 (the “Annual Equity Award Increase”). As a result, the nominating and governance committee of our Board approved, subject to and effective upon stockholder approval of the Incentive Plan Amendment, the award of 1,661 restricted stock units to our non-employee directors which will vest in full on September 30, 2023, subject to the directors’ continued service on our Board through such date (the “Proposed Director Awards” and, together with the Proposed Legler Award, the “Proposed Awards”). The number of shares subject to the Proposed Director Awards was determined by dividing \$50,000, the amount of the proposed Annual Equity Award Increase, by \$30.11, the closing price of our Class A common stock on September 30, 2022. If this proposal is approved, the Annual Equity Award Increase and the Proposed Awards will become effective and, in accordance with the updated director compensation policy, the grant date fair value of the annual awards of restricted stock units granted to the Company’s non-employee directors will increase from \$75,000 to \$125,000 going forward.

Vote Required

Approval of the Incentive Plan Amendment requires the affirmative vote of a majority of the shares of the Company’s common stock that are present in person or represented by proxy and entitled to vote thereon. As a result, abstentions will have the same effect as a vote “against” this proposal, but broker non-votes will have no effect on the outcome.

Holders of proxies solicited by this proxy statement will vote the proxies received by them as directed on the proxy card or, if no direction is given, then FOR the approval of the Incentive Plan Amendment.

THE BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE INCENTIVE PLAN AMENDMENT.

**PROPOSAL NO. 4 – APPROVAL OF, ON AN ADVISORY (NON-BINDING) BASIS, THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

Background

Our Board is committed to excellence in governance. As part of this commitment, in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and as required by Rule 14a-21 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), our Board is providing our stockholders with an opportunity to cast an advisory (non-binding) vote on a resolution to approve the compensation of our Named Executive Officers.

As described below under “Executive Compensation – Compensation Discussion and Analysis,” we have developed a compensation program that is designed to attract, retain and motivate key executives responsible for our success, to provide incentives that reward achievement of performance goals that directly correlate to the enhancement of stockholder value and to align our executives’ interests with those of our stockholders by rewarding short-term and long-term performance and tying a significant portion of our executive officers’ compensation to increases in stockholder value. We believe our executive compensation program strikes an appropriate balance between the implementation of responsible, measured compensation practices and the effective provision of incentives for our Named Executive Officers to exert their best efforts for our success.

We are asking for stockholder approval, on a non-binding, advisory basis, of the compensation of our Named Executive Officers as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, which includes the disclosures in the “Executive Compensation – Compensation Discussion and Analysis” section below, the compensation tables, the narrative discussion and any related material disclosed in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the policies and practices described in this proxy statement. For the reasons discussed above, our Board unanimously recommends that our stockholders vote in favor of the following resolution:

“RESOLVED, that the Company’s stockholders hereby approve, on a non-binding, advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company’s proxy statement for the 2023 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, narrative discussion and any related material disclosed in the proxy statement.”

As this vote is advisory, it will not be binding on our Board or our compensation committee, and neither our Board nor our compensation committee will be required to take any action as a result of the outcome of the vote. However, our compensation committee will carefully consider the outcome of this vote when considering future executive compensation policies and decisions.

Current Frequency of Shareholder Advisory (Non-Binding) Votes to Approve the Compensation of Our Named Executive Officers

Based on the voting results at the Company’s 2022 Annual Meeting of Stockholders with respect to the frequency (the “Frequency Vote”) of stockholder advisory votes to approve the compensation of the Company’s Named Executive Officers, the Company decided to include an advisory vote to approve the compensation of its Named Executive Officers in its proxy materials on an annual basis. The next required Frequency Vote is scheduled for the Company’s 2028 Annual Meeting of Stockholders.

Vote Required

Approval of the resolution to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers requires the affirmative vote of a majority of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. As a result, abstentions will have the same effect as a vote “against” this proposal and broker non-votes will have no effect on the vote outcome.

Holders of proxies solicited by this proxy statement will vote the proxies received by them as directed on the proxy card or, if no direction is given, then FOR the approval of the resolution to approve the compensation of our Named Executive Officers.

THE BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL OF, ON AN ADVISORY (NON-BINDING) BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL 5 – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Background

Our audit committee has appointed Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2023 and has further recommended to the Board that we submit the selection of Grant Thornton LLP for ratification by our stockholders at the Annual Meeting.

We are not required to submit the appointment of our independent registered public accounting firm for stockholder approval, but we are submitting the appointment of Grant Thornton LLP for stockholder ratification as a matter of good corporate governance. If the stockholders do not ratify this appointment, the audit committee will reconsider its appointment of Grant Thornton LLP. Even if the appointment is ratified, our audit committee may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee determines that the change would be in the best interests of the Company.

The audit committee reviews and pre-approves all audit and non-audit services performed by its independent registered public accounting firm, except to the extent the chairman of the audit committee exercises his delegated authority to pre-approve audit and non-audit services. The audit committee pre-approved all services described below rendered by Grant Thornton LLP in the fiscal year ended September 30, 2022, in accordance with these policies.

In its pre-approval review of non-audit services, the audit committee considers, among other things, the possible impact of the performance of such services on the independent registered public accounting firm's independence. There were no non-audit services performed by Grant Thornton LLP in the fiscal year ended September 30, 2022. Additional information concerning the audit committee and its activities can be found in the following sections of this proxy statement: "Board of Directors and Committees" and "Report of the Audit Committee."

Grant Thornton LLP has audited our financial statements since 2017. Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

(2) Fees for income tax planning and consulting.

Vote Required

Ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of a majority of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. As a result, abstentions will have the same effect as a vote "against" this proposal and broker non-votes will have no effect on the vote outcome.

Holders of proxies solicited by this proxy statement will vote the proxies received by them as directed on the proxy card or, if no direction is given, then FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2023.

THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

CORPORATE GOVERNANCE

Director Independence

Our Board currently consists of ten members. Under the listing requirements and rules of the Nasdaq, independent directors must comprise a majority of our Board of Directors. In addition, the rules of the Nasdaq require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and governance committees must be independent. Under the rules of the Nasdaq, a director will qualify as an "independent director" only if, in the opinion of that company's Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Additionally, compensation committee members must not have a relationship with us that is material to the director's ability to be independent from management in connection with the duties of a compensation committee member.

Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. To be considered independent for purposes of Rule 10A-3 of the Exchange Act, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the Board of Directors, or any other Board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our Board of Directors has undertaken a review of its composition, the composition of its committees and independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board of Directors has determined that Messrs. Bodine, Lamkin, Legler, Roy, Schraudenbach, Style, and Troiano and Ms. Harlam, representing a majority of our directors, do not have any relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the applicable rules and regulations of the SEC and the listing requirements of the Nasdaq. Our Board of Directors also determined that Messrs. Lamkin, Legler, Roy, Schraudenbach and Style, who comprise our audit committee, Messrs. Bodine and Style and Ms. Harlam, who comprise our compensation committee, and Messrs. Bodine, Legler, Schraudenbach and Troiano, who comprise our nominating and governance committee, satisfy the respective independence standards for those committees established by applicable rules and regulations of the SEC and the listing requirements of the Nasdaq. In making this determination, our Board of Directors considered the current and prior relationships that each non-employee director has with the Company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director and the transactions involving each non-employee director, if any, described in "Certain Relationships and Related Party Transactions."

Financial Code of Ethics and Code of Conduct

We have adopted a Financial Code of Ethics that applies to our principal executive officer, principal financial officer and principal accounting officer or controller, or persons performing similar functions, in accordance with applicable U.S. federal securities laws and the corporate governance rules of the Nasdaq. Any waiver of this code may be made only by our Board of Directors and will be promptly disclosed as required by applicable U.S. federal securities laws and the corporate governance rules of the Nasdaq. Any amendments to this code may be made only by the Board. If an amendment to the Financial Code of Ethics is made, appropriate disclosure will be made within four business days after the amendment has been made in accordance with legal requirements and the listing requirements of Nasdaq, including by posting any applicable amendment or waiver on our website.

We have also adopted a Code of Conduct, applicable to all of our employees, directors and officers, that provides basic principles and guidelines to assist such persons in complying with the legal and ethical requirements governing the Company's business conduct. Any waiver of this code may be made only by our Board of Directors, and any such waivers for directors or executive officers will be promptly disclosed. Any

amendments to this code may be made only by the Board. If an amendment to the Code of Conduct is made, appropriate disclosure will be made within four business days after the amendment has been made in accordance with legal requirements and the listing requirements of Nasdaq, including by posting any applicable amendment or waiver on our website.

The full text of our Financial Code of Ethics and Code of Conduct available under “Investors > Corporate Governance > Governance Documents” on our website at www.onewatermarine.com. Copies of our Financial Code of Ethics and Code of Conduct are also available in print to any stockholder who requests it by contacting the Company at OneWater Marine Inc., 6275 Lanier Islands Parkway, Buford, Georgia 30518 or (678) 541-6300.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines to assist and guide its members in the exercise of its responsibilities. These guidelines should be interpreted in accordance with any requirements imposed by federal or state laws or regulations, Nasdaq, our amended and restated certificate of incorporation and our Bylaws. Our corporate governance guidelines are available under “Investors > Corporate Governance > Governance Documents” on our website at www.onewatermarine.com. Although these corporate governance guidelines have been approved by the Board, it is expected that these guidelines will evolve over time as customary practice and legal requirements change. In particular, guidelines that encompass legal, regulatory or stock exchange requirements as they currently exist will be deemed to be modified as and to the extent such legal, regulatory or stock exchange requirements are modified. In addition, the nominating and governance committee periodically will review and reassess the adequacy of the corporate governance guidelines and recommend any proposed changes to the Board for approval.

Hedging Transactions

Pursuant to the Company’s Insider Trading Policy, all directors, officers and other employees of the Company, and their spouses and all other members of their household, are prohibited from making any short sales of any securities of the Company and from engaging in transactions involving Company-based derivative securities. This prohibition includes, but is not limited to, trading in Company-based option contracts, transacting in straddles or collars, hedging (generally purchasing any financial instrument or engaging in any transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of the Company’s securities) and writing puts or calls. In addition, pursuant to the Company’s Insider Trading Policy, directors, officers, their employees, spouses and all other members of their households are prohibited from holding the Company’s securities in a margin account or pledging securities of the Company as collateral for a loan, with the limited exception of the Company’s Chief Executive Officer, Philip Austin Singleton Jr., and its Chief Operating Officer and President, Anthony Aisquith, each of whom are founders and significant shareholders of the Company. Messrs. Singleton and Aisquith are limited to pledge no more than 15% of their aggregate beneficial ownership of Company securities each year, unless previously approved by a majority of members of the Board of Directors. Pledging of the company securities in conjunction with hedging transactions is prohibited.

Stockholder Communications

Generally, stockholders who have questions or concerns regarding the Company should contact Investor Relations at ir@onewatermarine.com. Also, any stockholder who wishes to address questions regarding the business or affairs of the Company directly with the Board, the independent directors of the Board, or any individual director, should contact us at OneWater Marine Inc., 6275 Lanier Islands Parkway, Buford, Georgia 30518, Attn: Vice President of Investor Relations. Stockholders and any other interested parties should mark the envelope containing each communication as “Stockholder Communication with Directors” and clearly identify the intended recipient(s) of the communication. Upon receipt of any such communications, the correspondence will be directed to the appropriate person, including individual directors.

Environmental, Social, and Governance Matters

Our priorities, strategy, and approach with respect to environmental, social, and governance (“ESG”) matters are informed by internal and external stakeholders and determined by senior leadership. Below, find additional details regarding our ESG priorities and ongoing efforts.

Environment

As one of the largest premium boat dealers in the United States, we understand how important it is to protect our environment and waters and we are sensitive to the consequences of environmental risks such as climate change, rising sea levels, natural desalination, and other phenomena.

To that end, we are having a recurring dialogue with internal and external stakeholders to better understand ongoing and developing environmental issues, environmental business risks, and developing new approaches and strategies to minimize our impact. These strategies, as they are identified and modified, will be informed and approved by our senior leadership.

We have taken steps to improve our footprint, including LED lighting and smart thermostats, among other things, and continue to evaluate new opportunities. We also have programs in place to appropriately recycle waste oil in a way that is safe and minimally impactful on the environment. Similarly, we have programs for battery core returns to ensure that consumers dispose of old batteries in an environmentally responsible manner.

Social

At OneWater Marine, we are nothing without our amazing and hardworking team. We have embarked on a series of initiatives to improve our workforce, elevate their experience, and foster an environment of safety, inclusiveness, and equity.

Additionally, we are committed to fostering and maintaining an environment in which our employees' health and safety is the top priority. Currently, we offer a wide range of non-financial benefits for our employees including medical insurance, 401k plans, and comparable retirement options for full time staff. A safe working environment also means protecting human rights. Our policies prohibit unwelcome conduct and unlawful harassment, human trafficking, forced labor, child labor, and other human rights violations, and we expect our vendors and others with whom we do business to operate consistently with these principles.

On the diversity front, we have a series of local initiatives to grow female representation among staff and management roles so we are encouraging women to pursue their passions and excel at what they do. We have added a woman to our Board of Directors and are exploring additional opportunities to further grow diverse representation within the business. We believe it is important that our senior leadership and Board of Directors provide oversight of our ongoing diversity initiatives and commitment to diversity, equity, and inclusion.

Finally, we believe the privacy and data protection of our customers, suppliers and other stakeholders are of utmost importance. To that end, OneWater maintains organizational security measures to protect the personal information of our customers, suppliers, and employees from unauthorized access or use.

Governance

Currently, our environmental and social initiatives are driven and overseen by our management team. Our Audit Committee, as outlined in its committee charter, is responsible for discussing and addressing business risks with the company's management team. This also includes material environmental risks, including those that relate to regulation and physical climate change risks. Additionally, we will continue to evaluate opportunities for our management team and Board of Directors to offer additional oversight on ESG-related matters.

BOARD OF DIRECTORS AND COMMITTEES

During the fiscal year ended September 30, 2022, our Board met 8 times. Each director attended at least 75% of the aggregate of the total number of meetings of the Board and meetings of the committees of which he or she was a member in our last fiscal year. The Board encourages all directors to attend the annual meeting of stockholders, if practicable, and all members of the Board who were members of the Board at the time of the 2022 Annual Meeting of Stockholders attended the 2022 Annual Meeting of Stockholders. The Board has a standing audit committee, compensation committee and nominating and governance committee. All members of the audit, compensation and nominating and governance committees are non-employee directors whom the Board has determined are independent under the applicable independence standards.

Board Leadership Structure

Our Bylaws and our corporate governance guidelines provide our Board with flexibility to combine or separate the positions of Chairman of the Board and Chief Executive Officer and to implement a lead independent director in accordance with its determination that using one or the other structure would be in the best interests of our Company. Currently, the Board has determined that it is in the best interests of the Company to have a separate Chairman and Chief Executive Officer. Mr. Legler currently serves as the Chairman of the Board, and Mr. Singleton currently serves as the Chief Executive Officer of the Company. In his role as Chairman, Mr. Legler has the authority to call, and presides over, the executive sessions of the Board consisting solely of independent directors, in which our non-independent directors do not participate. Mr. Legler also serves as a liaison to management on behalf of the non-employee members of the Board. Mr. Legler is not eligible to be renominated as a director because the Company's corporate governance guidelines prohibit nominating a director to a new term if he or she would be age 80 or older at the time of election unless the Board approves an exception on a case by case basis. Mr. Schraudenbach currently serves as the Vice Chairman of the Board and is expected to be appointed as Chairman following the Annual Meeting, subject to his reelection as a director at the Annual Meeting.

Our Board has concluded that our current leadership structure is appropriate at this time. The Board believes that the separation of the roles of Chairman and Chief Executive Officer continues to provide, at present, the best balance of responsibilities, with the Chairman directing Board operations and leading oversight of the Chief Executive Officer and management, and the Chief Executive Officer focusing on developing and implementing the Company's Board-approved strategic vision and managing its day-to-day business. The Board believes that separating the offices of Chairman of the Board and Chief Executive Officer, coupled with regular executive sessions with only independent directors present, helps strengthen the Board's independent oversight of management and provides an opportunity for the Board members to have more direct input to management in shaping the organization and strategy of the Company.

In addition, all directors are encouraged to suggest the inclusion of agenda items, and any director is free to raise at any Board meeting items that are not on the agenda for that meeting.

The Board's independent directors regularly meet in executive session without the presence of any members of management. The Chairman presides at these meetings and provides the Board's guidance and feedback to the Company's management team, including the Chief Executive Officer.

Our Board will periodically review our leadership structure and may make such changes in the future as it deems appropriate.

Risk Oversight

The Board has overall responsibility for the oversight of the Company's risk management process, which is designed to support the achievement of organizational objectives, including strategic objectives, improve long-term organizational performance and enhance stockholder value. Risk management includes not only understanding Company-specific risks and the steps management implements to manage those risks, but also what level of risk is acceptable and appropriate for the Company. Management is responsible for establishing our business strategy, identifying and assessing the related short-, medium-, and long-term risks and implementing appropriate risk management practices. The Board periodically reviews our business strategy and management's assessment of the risk environment and related risks and discusses with management the appropriate level of risk for the Company. Each of our Board committees also oversees the management of risks that fall within the

committee's areas of responsibility. In performing this function, each committee has full access to management, as well as the ability to engage advisors. In connection with its risk management role, our audit committee meets periodically, both in open session or privately, with representatives from our independent registered public accounting firm and with our Chief Financial Officer. The audit committee oversees the Company's compliance with legal and regulatory requirements / assists the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures, and legal and regulatory compliance, and discusses with management the Company's guidelines and policies with respect to risk assessment and risk management.

Board Committees

Our Board has established an audit committee, a compensation committee and a nominating and governance committee. The composition and responsibilities of each of the committees of our Board of Directors are described below, and copies of the charters for each committee are available on our website. Members will serve on these committees until their resignation or until otherwise determined by our Board of Directors. Our Board of Directors may establish other committees as it deems necessary or appropriate from time to time.

Audit Committee

Rules implemented by the Nasdaq and the SEC require us to have an audit committee comprised of at least three directors who meet the independence and experience standards established by Nasdaq and the Exchange Act. Our audit committee consists of five directors, all of whom are independent under the rules of the SEC. As required by the rules of the SEC and listing standards of the Nasdaq, the audit committee consists solely of independent directors. Messrs. Lamkin, Legler, Roy, Schraudenbach and Style currently serve as members of our audit committee, with Mr. Schraudenbach currently serving as chair of the audit committee. Subject to his reelection as a director at the Annual Meeting, Mr. Schraudenbach will continue to serve as chair of the audit committee. Each member of the audit committee is financially literate, and our Board of Directors has determined that Messrs. Schraudenbach, Style and Roy qualify as an "audit committee financial expert" as defined in applicable SEC rules.

This committee oversees, reviews, acts on and reports on various auditing and accounting matters to our Board of Directors, including: the selection of our independent accountants, the scope of our annual audits, fees to be paid to the independent accountants, the performance of our independent accountants and our accounting practices. In addition, the audit committee oversees our compliance programs relating to legal and regulatory requirements. We have adopted an audit committee charter defining the committee's primary duties in a manner consistent with the rules of the SEC and applicable Nasdaq standards.

A copy of the audit committee charter is available under "Investors > Corporate Governance > Governance Documents" on our website at www.onewatermarine.com. The audit committee met 9 times in the fiscal year ended September 30, 2022.

Compensation Committee

Our compensation committee currently consists of Messrs. Bodine and Style and Ms. Harlam, with Ms. Harlam currently serving as the chair of the compensation committee. Subject to reelection, Ms. Harlam will continue to serve as chair of the compensation committee. Our Board of Directors has determined that all members of the Compensation Committee are independent under the current listing standards of Nasdaq.

The compensation committee reviews and approves, or recommends that our Board of Directors approve, the compensation of our chief executive officer, reviews and approves, or recommends that our Board of Directors approve, the terms of compensatory arrangements with our executive officers, administers our incentive compensation and benefit plans for our executive officers, selects and retains independent compensation consultants and assesses whether any of our compensation policies and programs have the potential to encourage excessive risk-taking. The compensation committee may delegate to its chairman, any of its members or any subcommittee it may form responsibility and authority for any particular matter as it deems appropriate under the circumstances. The compensation committee may also delegate approval of award grants and other responsibilities regarding the administration of compensatory programs to a subcommittee consisting solely of members of the compensation committee or to members of the Board who are "non-employee directors" for

purposes of Rule 16b-3 of the Exchange Act. We have adopted a compensation committee charter defining the committee's primary duties in a manner consistent with the rules of the SEC and applicable Nasdaq standards. From time to time, a subcommittee of the compensation committee may approve equity awards to our officers who are subject to Section 16(b) of the Exchange Act.

In connection with our IPO, the compensation committee engaged the human resources consulting division of Aon, plc ("Aon") as our compensation consultant. Each year, the compensation committee has instructed Aon to develop a peer group of companies in order to assess the competitiveness of our executive salary, bonus and equity compensation programs and our non-employee director compensation program, to present such data to our compensation committee and to make recommendations to the compensation committee regarding executive officer and non-employee director compensation. Aon reports exclusively to the compensation committee and does not provide any services to us other than services to the compensation committee. In selecting Aon as its independent compensation consultant, the compensation committee assessed the independence of Aon pursuant to SEC and Nasdaq rules and continues to do so annually. The compensation committee has concluded that Aon is independent, and that the Company does not have any conflicts of interest with Aon. Our compensation committee has retained Aon to provide similar information and advice for fiscal year 2023 for consideration in establishing overall compensation for our executive officers and non-employee directors.

A copy of the compensation committee charter is available under "Investors > Corporate Governance > Governance Documents" on our website at www.onewatermarine.com. The compensation committee met 5 times in the fiscal year ended September 30, 2022.

Nominating and Governance Committee

Our nominating and governance committee currently consists of Messrs. Bodine, Legler, Schraudenbach and Troiano, with Mr. Bodine currently serving as the chair of the nominating and governance committee. Subject to his reelection as a director at the Annual Meeting, Mr. Bodine will continue to serve as chair of the nominating and governance committee. Our Board of Directors has determined that all members of the nominating and governance committee are independent under the current listing standards of Nasdaq.

The nominating and governance committee is tasked with identifying, evaluating and recommending qualified nominees to serve on our Board of Directors, considering and making recommendations to our Board of Directors regarding the composition of our Board of Directors and its committees, reviewing and recommending to our Board of Directors the compensation of our non-employee directors, administering our incentive compensation and benefit plans for non-employee directors, overseeing our internal corporate governance processes, reviewing and approving or disapproving of related party transactions, maintaining a management succession plan and overseeing an annual evaluation of the Board of Directors' performance. The nominating and governance committee may also delegate approval of award grants and other responsibilities regarding the administration of compensatory programs to a subcommittee consisting solely of members of the compensation committee or to members of the Board who are "non-employee directors" for purposes of Rule 16b-3 of the Exchange Act. We have adopted a nominating and governance committee charter defining the committee's primary duties in a manner consistent with the rules of the SEC and applicable Nasdaq standards.

A copy of the nominating and governance committee charter is available under "Investors > Corporate Governance > Governance Documents" on our website at www.onewatermarine.com. The nominating and governance committee met 4 times in the fiscal year ended September 30, 2022.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

We did not pay any compensation to officers or employees until our IPO. However, the operations of our predecessor have been carried on by us and our subsidiaries following the IPO, and the executive officers of our predecessor have been our executive officers since April 2019. As such, we believe that disclosure regarding our executive officers' compensation for the full 2019 and 2020 fiscal years, which was established and paid, in part, by our predecessor, is generally appropriate and relevant to investors, and as such, is disclosed in this Compensation Discussion and Analysis, or "CD&A," and the other applicable executive compensation disclosures. Following the IPO, all compensation decisions with respect to our officers and employees were made by us.

Since we are no longer considered an emerging growth company or a smaller reporting company, the SEC rules require us to disclose certain information with respect to the compensation paid to our Chief Executive Officer, our Chief Financial Officer and our three next most highly paid executive officers. However, our Chief Executive Officer, Chief Financial Officer and Chief Operating Officer are our only "executive officers" within the meaning of the SEC rules. As such, this Compensation Discussion and Analysis reviews the compensation policies and programs for our Chief Executive Officer, our Chief Financial Officer and Chief Operating Officer, who was our next most highly paid executive officer and our only executive officer other than Chief Executive Officer and Chief Financial Officer. These three individuals are collectively referred to as our "Named Executive Officers." The narrative discussion set forth in this Compensation Discussion and Analysis is intended to provide additional information related to the data presented in the compensation-related tables included throughout the "Executive Compensation" section of this proxy statement.

Executive Summary

Named Executive Officers. During the fiscal year ended September 30, 2022, our Named Executive Officers were:

Name	Title
P. Austin Singleton	Founder, Chief Executive Officer and Director
Anthony Aisquith	President, Chief Operating Officer and Director
Jack Ezzell	Chief Financial Officer

2022 Performance Highlights. Fiscal year 2022 was OneWater's second full year as a public company and it delivered robust financial results across a range of performance metrics, including:

- Revenue increased 42% to \$1.74 billion
- Same-store Sales increased 12%
- Net income increased 31% to \$153 million or \$9.13 per diluted share
- Adjusted EBITDA increased 59% to \$248 million

We define Adjusted EBITDA as net income (loss) before interest expense – other, income taxes, depreciation and amortization and other (income) expense, further adjusted to eliminate the effects of items such as the change in the fair value of warrant liability, gain (loss) on contingent consideration, loss on extinguishment of debt and transaction costs. See [Appendix C](#) for more information and a reconciliation of Adjusted EBITDA to net income (loss), the most directly comparable financial measure calculated and presented in accordance with GAAP.

Compensation Objectives. The objectives of the compensation program for our Named Executive Officers, are to attract, motivate and retain talented individuals who are committed to achieving our long-term strategic objectives. Our compensation program is not only designed to align the incentives of our Named Executive Officers with our stockholders' interests, but also to promote the achievement of key corporate performance measures as determined by the compensation committee each year.

TABLE OF CONTENTS

Summary of Executive Compensation Practices. We strive to maintain judicious governance standards and compensation practices by regularly reviewing best practices. As in prior years, we incorporated many best practices into our 2022 executive compensation program, including the following:

What We Do	What We Don't Do
✓ We align our executive pay with long-term performance	✗ We do not automatically increase salaries each year or make lock-step changes in compensation based on peer group compensation levels or metrics
✓ We align our executives' interests with those of our stockholders	✗ We do not provide excise tax gross-ups
✓ We have a one-year minimum vesting requirement under all equity awards, subject to limited exceptions	✗ We prohibit executive officers and directors from hedging or transacting in derivative securities of the Company or pledging our Class A common stock as collateral for a loan, subject to certain exceptions outlined in our Insider Trading Policy
✓ We engage an independent consultant to advise on executive compensation matters	✗ We do not have supplemental retirement benefit arrangements with our executives
✓ We review the independence of the independent compensation consultant annually	✗ We do not provide excessive perquisites
✓ We enforce meaningful stock ownership guidelines for our non-employee directors	✗ We do not allow for single trigger vesting of equity awards in connection with a change in control

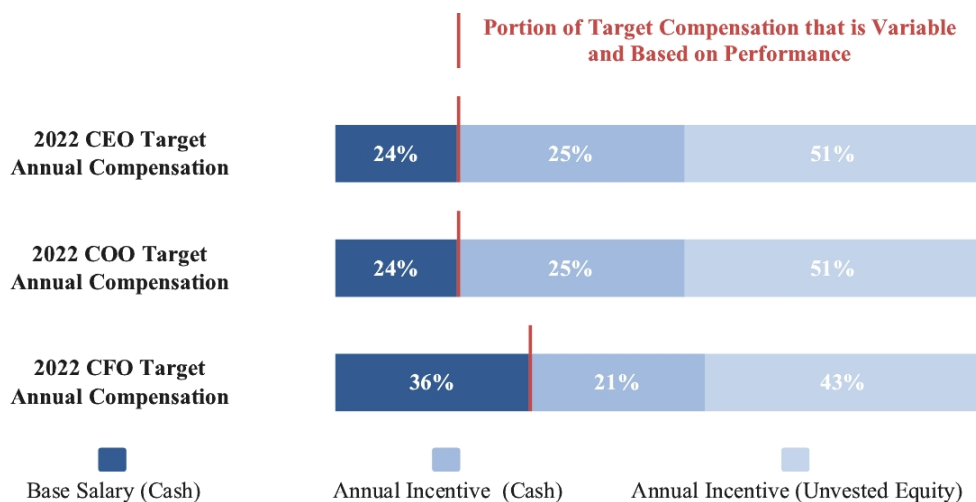

Pay-for-Performance Compensation Structure. The components of our fiscal year 2022 executive compensation program consisted primarily of the following:

Component	Performance Period	Objective	Performance Measure Methodology for 2022
Base Salary	Annual	Recognizes an individual's role and responsibilities and serves as an important retention vehicle	Reviewed annually and set based on competitive and internal equity considerations
Annual Short-Term Cash Incentive Awards	Annual	Rewards achievement of annual financial and other objectives, subject to meeting individual performance expectations	Based on performance objectives established by the compensation committee at the beginning of the year
Annual Long-Term Incentive Awards (Unvested Equity)	Long-Term	Design aligns performance with long-term strategic goals and encourages retention of executive team	60% of total annual grants vest based on achievement of performance objectives established by the compensation committee at the beginning of the year 40% of total annual grants vest with respect to 33% of the award on each of the first three anniversaries of the grant date, subject to the executive's continuous employment

Component	Performance Period	Objective	Performance Measure Methodology for 2022
Acquisition Incentive Program (Cash)	Long-Term	Design rewards long-term success of acquired businesses and encourage retention of executive team	Based on multi-year performance of acquired businesses following acquisition by the Company

To help retain and motivate our Named Executive Officers, our compensation committee aims to offer competitive compensation packages through a mix of cash (including variable, performance-based cash awards) and long-term, equity-based incentives. The compensation committee does not have any formal policies for allocating total compensation among the various components. Instead, the compensation committee uses its judgment, in consultation with Aon, to establish an appropriate balance of short-term and long-term compensation for each Named Executive Officer. The balance may change from year to year based on corporate strategy, financial performance and non-financial objectives, among other considerations. For 2022, our Named Executive Officers had the following compensation mix, with more than 64% – 76% of annual, target executive compensation being performance based and “at risk.”

Process for Determining Compensation

Role of the Compensation Committee. The compensation committee oversees our executive compensation and employee benefit programs, and reviews and approves all compensation decisions relating to our Named Executive Officers. The compensation committee also approves its report for inclusion in this proxy statement and has reviewed and discussed this Compensation Discussion and Analysis with management.

The compensation committee reviews and approves, or recommends that our Board of Directors approve, the compensation of our chief executive officer, reviews and recommends to our Board of Directors the compensation of our non-employee directors, reviews and approves, or recommends that our Board of Directors approve, the terms of compensatory arrangements with our executive officers, administers our incentive compensation and benefit plans, selects and retains independent compensation consultants and assesses whether any of our compensation policies and programs have the potential to encourage excessive risk-taking. The compensation committee may delegate to its chairman, any of its members, or any subcommittee it may form, responsibility and authority for any particular matter as it deems appropriate under the circumstances. The compensation committee may also delegate approval of award grants and other responsibilities regarding the administration of compensatory programs to a subcommittee consisting solely of members of the compensation committee or to members of the Board who are “non-employee directors” for purposes of Rule 16b-3 of the Exchange Act.

TABLE OF CONTENTS

Role of Independent Compensation Consultant. During fiscal year 2022, the compensation committee continued to engage Aon as its independent compensation consultant to assist the committee with its responsibilities related to our executive officer and director compensation programs. A representative of Aon attends compensation committee meetings as requested and communicates with the chair of the compensation committee between meetings. Aon provides no services to management or the compensation committee that are unrelated to the duties and responsibilities of the compensation committee, and the compensation committee makes all decisions regarding the compensation of our Named Executive Officers and directors. Aon reports directly to the compensation committee, and all work conducted by Aon for us is on behalf of the compensation committee.

Role of Chief Executive Officer and Senior Management. Our Chief Executive Officer regularly interacts with the compensation committee and its chair to suggest and discuss executive compensation structure and programs. Our Chief Executive Officer makes recommendations for the annual cash and equity incentive awards for Named Executive Officers and other personnel (other than himself).

Use of Market Data and Peer Group Analysis. From time to time, Aon provides the compensation committee with market and peer group data for comparison purposes, such as to compare equity and pay mix practices. Aon does not provide, and the compensation committee does not utilize, regular compensation benchmarks in its compensation determinations. The companies included in the peer group used for these limited purposes in 2022 included: America's Car-Mart, Inc., Asbury Automotive Group, Inc., Big 5 Sporting Goods Corporation, Callaway Golf Company, Camping World Holdings, Inc., Clarus Corporation, Johnson Outdoors Inc., Lazydays Holdings, Inc., Malibu Boats, Inc., MasterCraft Boats Holdings, Inc., Sleep Number Corporation, Sportsman's Warehouse Holdings, Inc., Winnebago Industries, Inc., YETI Holdings, Inc.

Risk Assessment of Compensation Plans

We believe that our compensation program does not encourage excessive or unnecessary risk taking. This is primarily due to the fact that our compensation programs are designed to encourage our Named Executive Officers and other employees to focus on both short-term and long-term strategic goals, thereby creating an ownership culture and helping to align the interests of our employees and our stockholders. Accordingly, our compensation program is balanced between short-term and long-term incentive compensation. Short-term incentive compensation is paid annually in cash, and is dependent on satisfying quantitative factors established by the compensation committee at the beginning of the fiscal year. Approximately 60% of the total long-term equity-based incentive compensation awarded to our Named Executive Officers has been granted in the form of long-term equity-based awards (in the form of PSUs) that become contingently earned based on achievement of quantitative performance metrics set by the committee, and vest ratably over a three-year period. The remaining 40% of the total long-term equity-based incentive compensation awarded to our Named Executive Officers has been granted in the form of long-term equity-based awards (in the form of RSUs) that vest ratably over a three-year period. The combination of over 64% – 76% of total annual compensation being based on performance and more than half of total annual incentive compensation being in the form of long-term equity-based compensation creates substantial disincentives to any short-term risk taking. Overall, we believe that the balance within our compensation program results in an appropriate compensation structure for the Company, and that the program does not pose risks that could have a material adverse effect on our business or financial performance.

2022 Compensation Decisions

Base Salaries. Base salaries serve to provide fixed cash compensation to our Named Executive Officers for performing their ongoing responsibilities. Initial base salaries for each of our Named Executive Officers were as set forth in each of their Employment Agreements.

The compensation committee reviewed our Named Executive Officers' base salaries based on the considerations outlined in this CD&A and input from Aon. The committee also reviewed the executive officers' individual performance, the integration of previously completed acquisitions, the financial growth and performance of the company and how the company's performance compared to the peer group. Based on this review, the compensation committee determined that it would not increase our Named Executive Officer's base salaries in 2022.

Named Executive Officer	2021	2022	Increase
P. Austin Singleton	\$725,000	\$725,000	0%
Anthony Aisquith	\$725,000	\$725,000	0%
Jack Ezzell	\$425,000	\$425,000	0%

TABLE OF CONTENTS

Annual Cash Incentive Awards. In early 2021, the compensation committee approved a framework for year-end incentive compensation pursuant to which a percentage of each Named Executive Officer's target bonus may become earned in an amount ranging from 0% to 200% of target.

The compensation committee reviewed our Named Executive Officers' target annual bonuses based on the considerations outlined in this CD&A and input from Aon. Based on this review, the compensation committee determined that it would not increase our Named Executive Officer's target annual bonuses in 2022 as described below.

Named Executive Officer	2021	2022	Increase
P. Austin Singleton	\$750,000	\$750,000	0%
Anthony Aisquith	\$750,000	\$750,000	0%
Jack Ezzell	\$250,000	\$250,000	0%

The amount of the target annual bonus that becomes earned is based on the achievement of two quantitative performance criteria, and is consistent with the terms of the general annual bonus program previously adopted by the Company. The first criterion measures the Company's achievement of growth in its Adjusted EBITDA. The second criterion measures the Company's reduction in Aged Inventory. In the fourth quarter of 2022, the compensation committee reviewed the performance of the Company against these criteria. As shown in the table below, the compensation committee determined that our strong financial performance in fiscal year 2022 resulted in achieving the maximum result (200%) on each of the performance criteria based on preliminary results available at that time. This collective analysis resulted in a total weighting factor of 200%. For each metric below, if less than 80% of the target is achieved, no weighted value would result for that metric, and if more than 120% of the target is achieved, the maximum weighted value for that metric would result.

Metric	Weighting	2022 Metric Target	Achievement of Metric for Threshold Weighting (50% payout);	Achievement of Metric for Target Weighting (100% payout);	Achievement of Metric for Maximum Weighting (200% payout);	Actual 2022 Achievement	Payout Earned
Adjusted EBITDA	80%	\$164,992,000	80%	100%	120%	Greater than \$197,990,400	200%
Aged Inventory	20%	Less than 15.0%	80%	100%	120%	Less than 9%	200%
Total Weighted Value							200%

This weighted value was then applied to the target bonus amount of each Named Executive Officer resulting in a cash incentive award equal to 200% of the total target bonus amount for each Named Executive Officer and approximately 207% of base salary for each of Messrs. Singleton and Aisquith and approximately 118% of base salary for Mr. Ezzell, shown in the table below:

Named Executive Officer	Opportunity			Actual		
	2022 Base Salary	2022 Target Bonus	Target Bonus as a % of Base Salary	2022 Bonus	2022 Bonus as a % of Target	2022 Bonus as a % of Base Salary
P. Austin Singleton	\$725,000	\$750,000	103%	\$1,500,000	200%	207%
Anthony Aisquith	\$725,000	\$750,000	103%	\$1,500,000	200%	207%
Jack Ezzell	\$425,000	\$250,000	59%	\$ 500,000	200%	118%

The compensation committee has approved the payment of each annual cash incentive award for fiscal year 2022.

Annual Long-Term Incentive Awards. We have historically made annual grants of restricted stock unit awards subject to time-based vesting ("RSUs") and awards subject to performance-based vesting ("PSUs") pursuant to the Incentive Plan. The total aggregate value of the annual RSU and PSU awards is expressed as a dollar amount and is determined annually by the compensation committee, in consideration of the factors described in this CD&A and with advice from Aon. For the 2022 fiscal year, the target aggregate value of the equity awards were set at \$1,500,000, \$1,500,000 and \$500,000 for Mr. Singleton, Mr. Aisquith and Mr. Ezzell, respectively, and the compensation

TABLE OF CONTENTS

committee determined to grant approximately 60% of the total value of the annual equity awards in the form of PSUs, and approximately 40% of the total value of the annual equity awards in the form of RSUs. The number of RSUs and PSUs granted to our Named Executive Officers was determined using \$40.21, the closing price of the Company's common stock on the last trading day immediately preceding October 1, 2021 (the first day of the 2022 fiscal year). The aggregate target value of the RSUs and target PSUs granted to each Named Executive Officer during fiscal year 2022 as it relates to each Named Executive Officers annual base salary is described in the table below.

Named Executive Officer	2022 Total Equity Award Target Value	2022 Base Salary	2022 Target Equity Awards as a % of Base Salary
P. Austin Singleton	\$1,500,000	\$725,000	207%
Anthony Aisquith	\$1,500,000	\$725,000	207%
Jack Ezzell	\$ 500,000	\$425,000	118%

Each RSU and PSU represents the right to receive a share of Class A common stock after the vesting of the award. The RSUs granted during fiscal year 2022 vest in equal installments on the first three anniversaries of the grant date. The number of PSUs granted to the Named Executive Officers reflects a target number of PSUs. The PSUs may become contingently earned with respect to a number of PSUs ranging from 0% to 200% of the target PSUs. The number of PSUs that become contingently earned is determined based on the achievement of performance metrics substantially similar to the performance metrics described above with respect to the Annual Cash Incentive Awards during a one year performance period beginning on the first day of the fiscal year in which the PSUs were granted. PSUs that become contingently earned after certification of achievement of the performance metrics then convert to RSUs and vest in equal installments over the three-year period from the date the award was granted. The PSUs granted during fiscal year 2022 were subject to a performance beginning on October 1, 2021 and ending on September 30, 2022, and, subject to the compensation committee's ratification of the performance results, will be contingently earned with respect to 200% of the target PSUs as described in the table below. Shares subject to contingently earned PSUs will vest in equal installments on each of October 1, 2022, October 1, 2023 and October 1, 2024. The actual value realized by the Named Executive Officers with respect to the shares subject to the contingently earned PSUs will be dependent on the Company's stock price on the relevant vesting date.

Acquisition Incentive Program. During fiscal year 2022, in order to encourage and reward the successful long-term performance of businesses acquired by the Company and to create a further incentive to retain the Company's executive team, based on advice provided by Aon, our compensation committee adopted the Acquisition Incentive Program (the "AIP") in which all of our Named Executive Officers participated during the 2022 fiscal year. The AIP is a long-term cash incentive program pursuant to which the Named Executives Officers may become eligible for cash awards in amounts determined based on the achievement of financial performance metrics by businesses acquired by the Company over the two year period following its acquisition. Each Named Executive Officer will be granted an award under the AIP with a target value of \$50,000 for "small" acquisitions or \$100,000 for "large" acquisitions. A percentage of each target award may then become earned in amounts ranging from 0% to 300%. Acquired businesses with an adjusted EBITDA between \$1,000,000 and \$3,500,000 are considered small acquisitions, while acquired businesses with an adjusted EBITDA in excess of \$3,500,000 are considered large acquisitions. No awards are granted under the AIP with respect to the acquisition of businesses with an adjusted EBITDA of less than \$1,000,000. During fiscal year 2022, the Company completed eight acquisitions, six of which qualified as small or large acquisitions under the AIP. The table below sets forth these qualifying acquisitions and the corresponding target awards granted to each of our Named Executive Officer under the AIP.

Acquired Business	Acquisition Date	Acquisition Size	Target AIP Award
Naples Boat Mart	10/01/2021	Small	\$ 50,000
TH Marine	11/30/2021	Large	\$100,000
Norfolk Marine	12/01/2021	Small	\$ 50,000
Quality Boats	12/31/2021	Large	\$100,000
Denison	04/01/2022	Large	\$100,000
OBCI	08/06/2022	Large	\$100,000
Total Target Awards Granted to Each NEO Under AIP for 2022 Acquisitions			\$500,000

TABLE OF CONTENTS

The amount of the target awards earned under the AIP is determined by comparing the adjusted EBITDA of acquired business for a one year period prior to the acquisition date to the adjusted EBITDA of the acquired business for the one year period ending on the second anniversary of the acquisition date. If the post-acquisition adjusted EBITDA exceeds, but is less than two times, the pre-acquisition adjusted EBITDA, then 100% of the target AIP awards will become earned. If the post-acquisition adjusted EBITDA is at least two times, but less than three times, the pre-acquisition adjusted EBITDA, then 200% of the target AIP awards will become earned. If the post-acquisition adjusted EBITDA is at least three times the pre-acquisition adjusted EBITDA, then 300% of the target AIP awards will become earned. If the post-acquisition adjusted EBITDA is less than or equal to the pre-acquisition adjusted EBITDA, or if the Named Executive Officer is not employed on the second anniversary of the applicable acquisition, then no portion of the target AIP award will become earned. Any amounts that become earned under the AIP will be paid to the Named Executive Officers as soon as practicable after the performance of the applicable acquired business has been determined, provided that the Named Executive Officer remains employed through such date.

No awards may become earned under the AIP before October 1, 2023. As such, no amounts have been included in the Summary Compensation Table to date with respect to awards under the AIP. The AIP awards are reported, however, in the Grants of Plan-Based Awards Table below. The relevant dates on which performance will be measured, and the periods over which adjusted EBITDA are measured, for each target AIP award issued to our Named Executive Officers during 2022 are set forth in the table below.

Acquired Business	Acquisition Date	Performance Determination Date
Naples Boat Mart	10/01/2021	10/01/2023
TH Marine	11/30/2021	11/30/2023
Norfolk Marine	12/01/2021	12/01/2023
Quality Boats	12/31/2021	12/31/2023
Denison	04/01/2022	04/01/2024
OBCI	08/06/2022	08/06/2024

Any amounts that become earned under the AIP will be reported in the Summary Compensation Table in the year in which the compensation committee determines such amount is earned pursuant to the terms of the AIP.

Employment Agreements and Severance and Change in Control Benefits

We have entered into written Employment Agreements with each of our Named Executive Officers that set forth the terms of their employment. Each of our Named Executive Officers is employed “at will.” These arrangements are further described under the section below entitled “Employment Agreements.”

Our Named Executive Officers are entitled to certain severance and change in control benefits. Such benefits arise upon termination of employment due to death, disability, without cause, for good reason and certain terminations in connection with a change of control of the Company. These arrangements are further described under the section below entitled “—Potential Payments Upon Termination or Change in Control.”

Each Named Executive Officer is subject to a general non-competition and non-solicitation clause for periods of one year and two years, respectively, following termination of employment as well as general non-disparagement, nondisclosure and assignment of development clauses. Due to the competitive nature of our industry, the compensation committee believes these severance and change in control provisions are key components of our executive compensation program and are essential to our ability to recruit and retain talent.

Other Benefits

Employee Benefits. We offer a comprehensive array of benefits to our employees, including our Named Executive Officers. These benefits are offered in order to attract and retain employees. Subject to the terms of any applicable plans, policies or programs, each Named Executive Officer is entitled to receive employee benefits, including any and all vacation, deferred compensation, retirement, health and welfare insurance as we may provide from time to time to salaried employees generally, and such other benefits as the compensation committee may from time to time establish for the Named Executive Officers. We also maintain term life insurance for each Named Executive Officer for the benefit of such executive’s estate.

Retirement Benefits. We currently maintain a retirement plan intended to provide benefits under section 401(k) of the Internal Revenue Code whereby employees, including our Named Executive Officers, are allowed to contribute a portion of their base salaries to a tax qualified retirement account. We provide discretionary matching contributions in amounts determined annually by our management. In fiscal year 2022, matching contributions were made to participating employees equal to 50% of the employee's deferral up to 4% of the employee's compensation, subject to applicable nondiscrimination limitations imposed by the Internal Revenue Code. The contributions made on behalf of our Named Executive Officers for fiscal year 2022 are disclosed in the notes to the Summary Compensation Table.

Outreach and Say on Pay Vote

We held our first non-binding, advisory vote on the compensation of our Named Executive Officers (the "Say on Pay Vote") at our 2022 Annual Meeting. At our 2022 Annual Meeting, our stockholders voted, on a non-binding, advisory basis, to approve the compensation paid to our Named Executive Officers and that the Company hold Say on Pay Votes annually. In accordance with such results, the Board determined that future Say on Pay Votes would be held annually. We value the opinions of our stockholders, and the compensation committee and the Board of Directors will continue to consider the outcome of future stockholder advisory votes, including the vote which will take place at our 2023 Annual Meeting, when we make compensation decisions for our Named Executive Officers. We have engaged with stockholders on a range of topics, including executive compensation and will we continue such engagement, as we strive to continually enhance our compensation programs.

Other Compensation Practices and Policies

Anti-Hedging and Pledging Policies. Under our Insider Trading Policy, directors and Named Executive Officers, as well as other employees, are prohibited from engaging in certain transactions with respect to our common stock. For information regarding anti-hedging and pledging policies, please see the section entitled "Corporate Governance—Hedging Transactions" above.

Stock Ownership Guidelines. To align the interests of our directors with the interests of the Company's other stockholders, our directors must comply with stock ownership guidelines that we established in connection with the IPO. For information regarding these guidelines, please see the section entitled "Director Compensation" below.

- (1) Represents awards of RSUs and PSUs granted to our Named Executive Officers during fiscal year 2022. On October 1, 2020, 10,151 RSUs were granted to each of Messrs. Singleton and Aisquith and 5,857 RSUs granted to Mr. Ezzell. On January 20, 2021, 19,132 RSUs were granted to each of Messrs. Singleton and Aisquith and 3,904 RSUs granted to Mr. Ezzell. On October 1, 2021, 14,922 RSUs were granted to each of Messrs. Singleton and Aisquith and 4,974 RSUs granted to Mr. Ezzell. On October 1, 2020, 15,227 PSUs were granted to each of Messrs. Singleton and Aisquith, and 8,785 PSUs were granted to Mr. Ezzell. On January 20, 2021, 28,697 PSUs were granted to each of Messrs. Singleton and Aisquith, and 5,857 PSUs were granted to Mr. Ezzell. On October 1, 2021, 22,383 PSUs were granted to each of Messrs. Singleton and Aisquith and 7,461 PSUs granted to Mr. Ezzell. The amounts reported in this column represent the aggregate grant date fair value of awards of RSUs and PSUs made in the year indicated, calculated in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 718, Compensation—Stock Compensation (“ASC 718”), excluding the effects of estimated forfeitures. These amounts do not reflect the actual value that may be ultimately realized by the executive. See Note 12 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended September 30, 2022 for a discussion of the assumptions used in determining the FASB ASC 718 grant date fair value of these awards.

For purposes of determining the grant date fair value of the PSUs granted during fiscal year 2022, in accordance with SEC rules and FASB ASC Topic 718, we have assumed an aggregate settlement of 100% of the PSUs. If the PSUs were settled at the maximum payout level of 200%, the grant date fair value of the performance-based restricted stock unit awards would be as follows: Mr. Singleton, \$1,800,000; Mr. Aisquith, \$1,800,000; and Mr. Ezzell, \$600,000. Based on the Company’s achievement of the applicable performance metrics during the performance period beginning on October 1, 2021 and ending on September 30, 2022, 200% of the PSUs will be contingently earned and will vest ratably over a three-year period, subject to the Named Executive Officer’s continued performance of services to the Company through each vesting date.

The vesting schedule applicable to each award of RSUs and PSUs is described in more detail below under the “Outstanding Equity Awards at Fiscal Year End” table and under the section below entitled “—Narrative Disclosure to Outstanding Equity Awards Fiscal Year-End.”

- (2) All of our Named Executive Officers were eligible to receive an annual cash bonus during fiscal year 2022 pursuant to our annual incentive compensation program. The annual incentive arrangement for each Named Executive Officer is described above in the discussion entitled “Compensation Discussion & Analysis—Annual Cash Incentive Award.”
- (3) “All Other Compensation” with respect to fiscal year 2022 includes perquisites and other personal benefits consisting of premiums of \$14,189 paid by us for the benefit of each of the Named Executive Officers at amounts greater than amounts available to employees generally. In addition, we paid premiums with respect to life insurance policies for the benefit of Messrs. Singleton and Aisquith in amounts equal to \$2,078 and \$4,027, respectively, for fiscal year 2022. In fiscal year 2022, Mr. Ezzell participated in our 401(k) plan and received matching contributions of \$1,308. The Named Executive Officers are also eligible to receive discounts on certain purchases (including boats), services and storage and have access to demonstration boats for their personal use. However, these additional perquisites did not result in any additional cost to us and therefore no amount is being reported in connection with these perquisites.

- (1) The amounts included in these rows represent the potential threshold, target, and maximum payouts under the annual cash incentive awards for each Named Executive Officer. Actual payouts of the annual cash incentive awards were determined based on achievement of specified performance measures. For more information, see the section entitled “Compensation Discussion and Analysis—Annual Cash Incentive Awards” above.
- (2) The amounts included in these rows represent the potential threshold, target, and maximum payouts under the target awards issued to each Named Executive Officer under the AIP with respect to 2022 acquisitions. The date set forth in the grant date column represents the date of the applicable acquisition. Actual payouts of the target AIP awards will be determined on the second anniversary of the applicable acquisition based on the acquired business’s achievement of specified performance measures. For more information, see the section entitled “Compensation Discussion and Analysis—Acquisition Incentive Program” above.
- (3) The amounts included in these three columns represent the number of PSUs granted pursuant to the Incentive Plan during fiscal year 2022 that would contingently vest upon the achievement of a threshold, target, and maximum level of performance. The actual number of PSU awards that will contingently vest was determined based on achievement of specified performance measures. These PSUs were issued in connection with annual compensation awards for fiscal year 2022 and, the number of PSUs contingently earned will vest in three equal installments on each anniversary of October 1, 2022. For more information, see the section entitled “Compensation Discussion and Analysis—Annual Long-Term Incentive Awards” above.
- (4) The amounts included in this column represent the number of RSUs granted pursuant to the Incentive Plan during fiscal year 2022. These RSUs were issued in connection with annual compensation awards for fiscal year 2022 and, will vest in three equal installments on each anniversary of September 30, 2021. For more information, see the section entitled “Compensation Discussion and Analysis—Annual Long-Term Incentive Awards” above.
- (5) The amounts in this column represent the grant date fair value of RSU and PSU awards granted to our Named Executive Officers during fiscal year 2022 computed in accordance with FASB ASC 718 excluding the effects of estimated forfeitures. These amounts do not reflect the actual value that may be ultimately realized by the executive. See Note 12 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended September 30, 2022 for a discussion of the assumptions used in determining the FASB ASC 718 grant date fair value of these awards.

For purposes of determining the grant date fair value of the PSUs granted during fiscal year 2022, in accordance with SEC rules and FASB ASC Topic 718, we have assumed settlement of the PSUs at the target level of performance. Based on the Company’s achievement of the applicable performance metrics during the performance period beginning on October 1, 2021 and ending on September 30, 2022, 200% of the PSUs are expected to be contingently earned and will vest ratably over a three-year period, subject to the Named Executive Officer’s continued performance of services to the Company through each vesting date.

Narrative to the Summary Compensation Table and Grants of Plan Based Awards Table***Employment Agreements***

Each of our Named Executive Officers was party to an employment agreement during the 2020, 2021 and 2022 fiscal years (each, including any applicable amendment, an “Employment Agreement,” and collectively, the “Employment Agreements”). The Employment Agreements currently in effect were entered into with each of our Named Executive Officers in connection with the IPO. The narrative below summarizes the payments and benefits that each Named Executive Officer is currently eligible to receive on an annual basis.

Base Salary. Each Named Executive Officer’s base salary is a fixed component of annual compensation for performing specific job duties and functions. In connection with our IPO, the compensation committee engaged the human resources consulting division of Aon as our compensation consultant who assisted in setting the initial base salaries for the Named Executive Officers. Base salary will be reviewed by the Board of Directors or the compensation committee periodically according to our normal compensation review standards and we intend to continue to use Aon to determine appropriate adjustments to base salaries going forward. The Employment Agreements provide for annual salaries of at least \$670,000, \$670,000 and \$400,000 for Mr. Singleton, Mr. Aisquith and Mr. Ezzell, respectively. For fiscal year 2021, the compensation committee approved cost of living adjustments, resulting in the following annual base salaries with certain adjustments for our Named Executive Officers: \$725,000, \$725,000 and \$425,000 for Mr. Singleton, Mr. Aisquith and Mr. Ezzell, respectively. For fiscal year 2022, the compensation committee did not adjust the annual base salaries for our Named Executive Officers.

In fiscal year 2020, in response to the impacts of COVID-19, Messrs. Singleton and Aisquith elected to defer 100% of their base salaries for two months and Mr. Ezzell voluntarily agreed to reduce his salary by 20% for three months. These executives later received a one-time cash payment equal to the amount deferred or reduced and their salaries were restored to pre-COVID-19 levels. No such adjustments to the Named Executive Officers’ base salaries were deemed necessary in fiscal years 2021 or 2022.

Annual Bonus. In fiscal year 2020, the Company adopted a robust annual incentive program in which all of our Named Executive Officers participated in the 2020, 2021 and 2022 fiscal years. The amount of the annual bonus earned by each Named Executive Officer is contingent upon the achievement of metrics and targets to set annually by the compensation committee, and may range from 0% to 200% of each Named Executive Officer’s target annual bonus, based on the achievement of such metrics and targets. Adjusted EBITDA and aged inventory were utilized as metrics in fiscal years 2020, 2021 and 2022. We intend to continue to use these metrics going forward. The Employment Agreements provide for a target annual bonus of at least \$520,000, \$520,000 and \$100,000 for Mr. Singleton, Mr. Aisquith and Mr. Ezzell, respectively. For fiscal year 2021, the compensation committee approved increases to the target annual bonus for each Named Executive Officer, resulting in the following target amounts: \$750,000, \$750,000 and \$250,000 for Mr. Singleton, Mr. Aisquith and Mr. Ezzell, respectively. For fiscal year 2022, the compensation committee did not adjust the target annual bonus for each Named Executive Officer.

Long Term Incentive Compensation. Each Named Executive Officer has also historically been eligible to participate in our incentive unit plan and, effective with the closing of our IPO, the Incentive Plan. The Employment Agreements provide for an initial target value for annual grants of long-term equity incentive awards to the Named Executive Officers, with the number of incentive units to be issued to each Named Executive Officer determined based on the market price of our common stock on the date of grant. The initial target amounts provided in the Employment Agreements were \$520,000, \$520,000 and \$300,000 for Mr. Singleton, Mr. Aisquith and Mr. Ezzell, respectively. The target aggregate value for each Named Executive Officer’s annual long-term equity incentive award is determined annually by the compensation committee or the Board. For fiscal year 2021 and fiscal year 2022, the target amounts were set at \$1,500,000, \$1,500,000 and \$500,000 for Mr. Singleton, Mr. Aisquith and Mr. Ezzell, respectively. Actual payouts of the annual long-term incentive awards (and thus the number of shares of common stock that may be granted to each Named Executive Officer) were determined based on achievement of specified performance measures. For more information, see the section entitled “Compensation Discussion and Analysis—Annual Long-Term Incentive Awards” above. The grant date fair value of RSU awards and PSU awards provided to each Named Executive Officer has been disclosed above in the “Stock Awards” columns of the Summary Compensation Table.

Acquisition Incentive Program. In fiscal year 2022, the Company adopted a long-term cash incentive program in which all of our Named Executive Officers participated during the 2022 fiscal year. Under the AIP, each Named Executive Officer is granted a target award equal to \$50,000 for the Company’s small acquisitions and equal to \$100,000 for the Company’s large acquisitions. The amount of each target AIP award earned by the Named Executive Officers is contingent upon the achievement of performance measures by the acquired business over the two year period following its acquisition by the Company. The adjusted EBITDA of acquisitions two years after closing compared to its preacquisition performance and is equal to a percentage of the target AIP award in amounts ranging from 0% to 300%. Any amounts earned under the AIP will be paid to the Named Executive Officers as soon as practicable following the two year anniversary of the applicable acquisition, provided that the Named Executive Officers remain continuously employed by the Company through the date on which such amount is paid by the Company. During fiscal year 2022, the Company completed eight acquisitions, two of which qualified as small acquisitions under the AIP and four of which qualified as large acquisitions under the AIP. As such, each Named Executive Officer received an aggregate of \$500,000 of target awards under the AIP with respect to acquisitions completed by the Company in 2022. No amounts will become eligible to be earned under the AIP, if at all, until the Company’s 2024 fiscal year. As such, no amounts are reflected in the Summary Compensation Table with respect to the target AIP awards granted during fiscal year 2022. For more information, see the section entitled “Compensation Discussion and Analysis—Acquisition Incentive Program” above.

Other Compensation Elements. We offer participation in broad-based retirement, health and welfare plans to all of our employees. We currently maintain a retirement plan intended to provide benefits under section 401(k) of the Internal Revenue Code, under which employees, including our Named Executive Officers, are allowed to contribute portions of their base compensation to a tax-qualified retirement account and receive discretionary matching contributions. In fiscal year 2022, matching contributions were made to participating employees equal to 50% of the employee’s deferral up to 4% of the employee’s compensation, subject to applicable nondiscrimination limitations imposed by the Internal Revenue Code. During fiscal year 2022, only Mr. Ezzell participated in our retirement plan. The amount of matching contributions made on behalf of Mr. Ezzell are included in the “All Other Compensation” column of the Summary Compensation Table.

- (1) Each RSU, and each PSU to the extent earned, represents the right to receive one share of our Class A common stock upon vesting.
- (2) These RSU awards vest in equal installments on each of the first four anniversaries of February 7, 2020.
- (3) These RSU awards relate to PSU awards that became contingently earned at the maximum level of performance following the certification of the Company's achievement of the applicable performance metrics during the performance period that began on October 1, 2019, and ended on September 30, 2020. The contingently earned PSUs then converted into RSU awards that vest in three equal installments on each of October 1, 2021, October 1, 2022, and October 1, 2023.
- (4) These RSU awards vest in equal installments on each of the first four anniversaries of September 30, 2020.
- (5) These RSU awards relate to PSU awards that became contingently earned at the maximum level of performance following the certification of the Company's achievement of the applicable performance metrics during the performance period that began on October 1, 2020, and ended on September 30, 2021. The contingently earned PSUs then converted into RSU awards that vest in three equal installments on each of October 1, 2022, October 1, 2023, and October 1, 2024.
- (6) This RSU award vests in equal installments on each of the first four anniversaries of March 2, 2020.
- (7) These RSU awards vest in equal installments on each of the first three anniversaries of October 1, 2021.
- (8) The number of units and the associated market value reported in this row assumes that the PSUs will be contingently earned at the maximum level of performance following the certification of the Company's achievement of the applicable performance metrics during the performance period that began on October 1, 2021, and ended on September 30, 2022. As of the last day of our fiscal year, the performance metrics were preliminarily determined to have been achieved at the maximum performance level, but the achievement of the performance metrics had not yet been certified. As such, the payouts reported in this row may not be representative of the actual payouts that will occur upon the settlement of these PSU awards and the actual payouts pursuant to these PSU awards may be lower than the amounts reported in this row. The PSUs that become contingently earned following certification of achievement of the performance metrics will then convert into RSU awards that vest in three equal installments on each of the first three anniversaries of October 1, 2022.

Narrative Disclosure to Outstanding Equity Awards at Fiscal Year-End

In connection with the IPO, we adopted the Incentive Plan. The Incentive Plan is an omnibus plan that allows the Company to grant different types of equity awards. Currently, RSUs and PSUs are being granted under the Incentive Plan.

During fiscal years 2020, 2021 and 2022 we granted RSUs and PSUs to our Named Executive Officers under the Incentive Plan. For fiscal year 2020, except for the grants to Mr. Ezzell, of the aggregate value of the

equity grants, 40% constituted RSUs and 60% constituted PSUs. For fiscal years 2021 and 2022, the aggregate value of the equity grants was allocated 60% to PSUs and 40% to RSUs for each Named Executive Officer.

The RSUs granted to our Named Executive Officers in fiscal year 2020 equaled 17,333 units with a grant date fair value of \$253,235 for each of Messrs. Singleton and Aisquith and 10,000 units with a grant date fair value of \$146,100 for Mr. Ezzell. The number of units was determined based on the stock price offered to the public in connection with our IPO. On March 2, 2020, Mr. Ezzell was granted an additional 40,000 restricted stock units in recognition of his contributions to prepare the Company and for completion of the IPO. In fiscal year 2021, the RSUs granted to the Named Executive Officers equaled 29,283 total RSUs with an aggregate grant date fair value of \$872,448 for each of Messrs. Singleton and Aisquith and 9,761 total RSUs with an aggregate grant date fair value of \$255,596 for Mr. Ezzell. In fiscal year 2022, the RSUs granted to the Named Executive Officers equaled 14,922 total RSUs with an aggregate grant date fair value of \$600,014 for each of Messrs. Singleton and Aisquith and 4,974 total RSUs with an aggregate grant date fair value of \$200,005 for Mr. Ezzell. The RSUs granted in fiscal years 2020, 2021 and 2022 vest ratably over a four-year period, subject to the Named Executive Officer's continued performance of services to the Company through each vesting date.

The PSUs granted to our Named Executive Officers in fiscal year 2020 equaled 26,000 target units with a targeted grant date value of \$416,260 for each of Messrs. Singleton and Aisquith and 15,000 target units with a targeted grant date value of \$240,150 for Mr. Ezzell. The number of units was determined based on the stock price offered to the public in connection with our IPO. The ultimate number of units contingently earned was determined based on the performance of the Company versus specific objectives over a one-year performance period. During fiscal year 2021, the PSUs granted to the Named Executive Officers equaled 43,924 target PSUs with a targeted grant date fair value of \$1,308,648 for each of Messrs. Singleton and Aisquith and 14,642 target PSUs with a targeted grant date fair value of \$383,418 for Mr. Ezzell. During fiscal year 2022, the PSUs granted to the Named Executive Officers equaled 22,383 target PSUs with a targeted grant date fair value of \$900,020 for each of Messrs. Singleton and Aisquith and 7,461 target PSUs with a targeted grant date fair value of \$300,007 for Mr. Ezzell. The number of PSUs granted pursuant to the fiscal year 2022 PSU awards was determined based on a target annual equity award value determined by the compensation committee. The ultimate number of units contingently earned pursuant to the fiscal years 2020, 2021 and 2022 PSU awards was determined based on the performance of the Company versus specific objectives over a one-year performance period. For the 2020 fiscal year, the amount earned with respect to the PSUs could range from 0% to 175% of the target PSUs, but the amount actually earned for each Named Executive Officer with respect to fiscal year 2020 performance was 175%. For fiscal years 2021 and 2022, the amount earned with respect to the PSUs could range from 0% to 200% of the target PSUs. The amount actually earned for each Named Executive Officer with respect to fiscal year 2021 performance was 200%. The amount of PSUs actually earned for each Named Executive Officer with respect to fiscal year 2022 performance has been preliminarily determined to be 200%, subject to certification of achievement. The performance measurements for the PSUs granted in fiscal years 2020, 2021 and 2022 are similar in structure to the annual incentive calculation and were based on performance measured against Adjusted EBITDA and aged inventory objectives, with Adjusted EBITDA targets weighted at 80% and inventory objectives weighted at 20%. Following the initial one-year performance period, the performance-based restricted stock units contingently earned vest ratably over a three-year period, subject to the Named Executive Officer's continued performance of services to the Company through each vesting date.

The vesting schedules for the RSUs and PSUs are described in more detail in the notes to the "Outstanding Equity Awards at Fiscal Year End" table. For more information describing the vesting of the RSUs and PSUs, see the section entitled "Compensation Discussion and Analysis—Annual Long-Term Incentive Awards" above.

Pension Benefits

The Company does not sponsor or maintain any defined benefit pension plan that provides for payments or other benefits at, following, or in connection with retirement of its employees, including the Named Executive Officers.

Potential Payments Upon Termination or Change in Control

The following discussion describes the amounts and benefits that would have been owed to the Named Executive Officers in the event of a termination of employment or a change in control as of September 30, 2022, under the Employment Agreements, the equity award agreements, and other compensatory arrangements with the Named Executive Officers.

TABLE OF CONTENTS

Pursuant to the Employment Agreements, upon a termination of employment due to death, the Named Executive Officer's estate will be entitled to (i) payment of the Named Executive Officer's base salary through the end of the month in which such termination occurs, (ii) payment of the Named Executive Officer's annual bonus for the year in which such termination occurs, in an amount determined based on target levels of performance and pro-rated based on the number of days the executive was employed during the applicable year (the "Pro-Rated Bonus"), (iii) a one-time payment of \$1,000,000 for Mr. Singleton and Mr. Aisquith and \$500,000 for Mr. Ezzell pursuant to a key man insurance policy maintained by the Company for the executive, (iv) payment for the cost to continue coverage of the executive's dependents under the Company's group health plans pursuant to COBRA (the "Benefit Continuation") for a period of one year, (v) accrued but unpaid vested benefits under any of the Company's benefit plans, and (vi) any amounts earned but unpaid pursuant to the Employment Agreement including, but not limited to, earned but unpaid base salary or annual bonus and properly submitted but unpaid expense reimbursements (such amounts described in (v) and (vi), the "Accrued Rights").

Pursuant to the Employment Agreements, the Company may terminate a Named Executive Officer's employment if he is disabled for a period exceeding six months. Upon a termination of employment due to disability, the Named Executive Officer will be entitled to (i) payment of the Named Executive Officer's base salary for a period of 12 months (reduced by any amounts paid by disability insurance), (ii) payment of the Pro-Rated Bonus, (iii) the Benefit Continuation for the executive for a period of two years for Mr. Singleton and Mr. Aisquith and a period of one year for Mr. Ezzell, and (iv) the Accrued Rights.

Further, upon termination of employment due to death or disability, the Employment Agreements provide for accelerated vesting in full of any vested RSUs and vesting of any unvested PSUs in an amount determined based on actual achievement of the applicable performance criteria following the completion of the applicable performance period.

Upon termination of a Named Executive Officer's employment for cause or resignation without good reason, all of the Named Executive Officer's rights to compensation and benefits terminate, except that the Named Executive Officers will be entitled to any Accrued Rights.

Pursuant to the Employment Agreements, upon a termination of a Named Executive Officer's employment by the Company without cause or by the Named Executive Officer for good reason (each such termination a "Qualifying Termination"), the Named Executive Officer is entitled to (i) payment of the Accrued Rights, (ii) continued payment of base salary for a period of two years for Mr. Singleton and Aisquith and one year for Mr. Ezzell, (iii) payment of the annual bonus, based on the target annual bonus amount in effect immediately prior to such termination and determined based on actual achievement of the applicable performance criteria and the end of the applicable performance period and paid at the same time such amounts are paid to executives employed by the Company and (iv) the Benefit Continuation for the executive for a period of two years for Mr. Singleton and Mr. Aisquith and a period of one year for Mr. Ezzell (such amounts described in (i) through (iv), the "Qualifying Termination Severance").

The award agreements governing the outstanding PSU and RSU awards provide for "double trigger" rather than "single trigger" vesting in connection with a change in control. The outstanding equity awards held by our Named Executive Officers will only vest in connection with a change in control if the Named Executive Officer experiences a Qualifying Termination during the 12-month period following the change in control. Upon the occurrence of a Qualifying CIC Termination, in addition to the Qualifying Termination Severance, all outstanding, unvested RSUs will immediately vest in full. All unvested PSU awards for which performance achievement had been certified at the time of the change in control (and thus remained subject only to time-based vesting requirements) will vest immediately upon such termination in an amount determined based on the actual achievement of the performance criteria. Unvested PSU awards for which performance achievement had not been certified at the time of the change in control will not be forfeited, but instead will remain outstanding and will vest in full at the end of the applicable performance period, in an amount determined based on actual of the performance criteria during such performance period.

Each Named Executive Officer is subject to a general non-competition and non-solicitation clause for a period of two years following the date of a termination of employment for Messrs. Singleton and Aisquith and one year for Mr. Ezzell.

Each Employment Agreement and the Incentive Plan generally defines "change in control" as one of the following: (i) a sale, merger or similar transaction or series of related transactions involving the Company or any

of its subsidiaries, as a result of which those persons who (together with their affiliates) held 100% of the voting power of the Company immediately prior to such transaction do not hold (either directly or indirectly) more than 50% of the voting power of the Company (or the surviving or resulting entity thereof) after giving effect to such transaction, (ii) the sale of all or substantially all of the assets of the Company and its subsidiaries, taken as a whole, in a transaction or series of related transactions or (iii) a majority of the members of the Board are replaced with individuals who are not incumbent directors.

Each Employment Agreement generally defines “good reason” as any one of the following: (i) a material and continuing failure to pay compensation and benefits earned by executive; (ii) a material diminution in the executive’s compensation and benefits, other than an across the board reduction not to exceed 15%; (iii) a change in the Named Executive Officer’s principal place of employment, without the Named Executive Officer’s consent, to a location that is greater than 50 miles from the Named Executive Officer’s principal place of employment in Atlanta, Georgia; (iv) our breach of a material provision in the Named Executive Officer’s Employment Agreement that is not cured within the time provided to do so; or (v) any requirement that executive perform duties that in the good faith professional judgment of executive are inconsistent with ethical or lawful business practices.

Each Employment Agreement generally defines “cause” as any one of the following: (i) executive has been convicted of, or pleads guilty or nolo contendere to, a felony involving dishonesty, theft, misappropriation, embezzlement, fraud crimes against property or person, or any act of moral turpitude which negatively impacts the Company, (ii) executive intentionally furnishes materially false, misleading, or gross omissive information concerning a substantial matter material to the Company or persons to whom executive reports, (iii) executive intentionally and wrongfully materially damages material assets of the Company, or (iv) executive inappropriately discloses confidential information of the Company which has a material economic effect on the Company, (v) executive engages in any activity which would constitute a breach of the duty of loyalty as contemplated by the employment agreement, (vi) executive solicits or accepts compensation in any form from any source other than the Company with respect to his service on behalf of the Company (excluding customary business gifts of nominal value), (vii) executive breaches in any material fashion any stated employment policy or provision of the Company’s ethics policy when adopted and which could reasonably be expected to expose the Company to liability in any material financial respect or negatively impact the Company or its business reputation in any material financial effect, (viii) material breach by executive of the employment agreement that is not cured within the time provided to do so, or (ix) executive’s material failure to follow reasonable and lawful directives of the Company and such acts or omissions are not cured within the time provided to do so.

Each Employment Agreement generally defines “disability” as executive’s inability, due to physical or mental incapacity, to perform his duties under the Employment Agreement with a reasonable accommodation, on a full-time basis for a period of three consecutive months along with the executive’s treating physician’s statement that in such physician’s opinion that his condition will not sufficiently improve within that period to be able to resume substantially all of his duties on a full time basis.

TABLE OF CONTENTS

The following table provides information concerning the estimated payments and benefits that would be provided in the circumstances described above for each of our Named Executive Officers. Except where otherwise noted, payments and benefits are estimated assuming that the triggering event took place on September 30, 2022, and the price per share of our Class A common stock is the closing price as of September 30, 2022 (\$30.11). There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

- (1) A Qualifying Termination in connection with a change in control must occur within 12 months of the consummation of a change in control in order for the executive to become entitled to the amounts reflected in this column.
- (2) These amounts represent the sum of (i) \$0 related to the continued payment of the executives base salary for the remainder of the month of termination because the assumed termination date occurred on the last day of the month, (ii) the executive's full target annual bonus because the assumed termination date would not require pro-ration of such amount, and (iii) the life insurance payments of \$1,000,000 for each of Mr. Singleton and Mr. Aisquith and \$500,000 for Mr. Ezzell to be paid by the Company to the executive's estate.
- (3) These amounts represent the value that would have been received by the executives if (i) all of their outstanding RSUs vested in full and (ii) because the performance period for all outstanding PSUs had ended and because performance had been preliminarily measured at the maximum level as of September 30, 2022, all of their outstanding PSUs vested in full.
- (4) Note, for a termination due to death, these amounts represent the amount the executive's estate would receive in order to continue coverage of the executive's dependents under the Company's group health plans for a period of 12 months. For all other terminations, these amounts represent the amount the executive would receive in order to continue his coverage under the Company's group health plans for a period of 24 months for each of Mr. Singleton and Mr. Aisquith and 12 months for Mr. Ezzell. In each case, the COBRA payment amounts are calculated based on 2022 premiums and the executive's current elections under the applicable health plans, which are each assumed for purposes of this table to remain the same for the entire 12 or 24 months, as applicable.
- (5) These amounts represent the sum of (i) the executive's aggregate annual base salary and (ii) the executive's full target annual bonus because the assumed termination date would not require pro-ration of such amount. For purposes of calculating these amounts, we have assumed that no payments from disability insurance would be received.
- (6) These amounts represent the sum of (i) the executive's annual base salary multiplied by two for each of Mr. Singleton and Mr. Aisquith and one for Mr. Ezzell, and (ii) the amount of each executive's target annual bonus that would have been earned assuming performance in the future bonus periods is deemed achieved at the maximum level of performance multiplied by two years to account for continued payment of the annual bonus based on actual achievement of the performance metrics for a period of two years. Because the achievement of the performance metrics is currently trending above the maximum level, we have assumed for purposes of this table that the future annual bonus amounts will be earned at the maximum level. The actual amounts attributable to the continued annual bonus payments will depend on actual achievement of the performance metrics in the applicable performance periods.

Equity Compensation Plan Information

The table below sets forth, as of September 30, 2022, certain information with respect to the Company's equity compensation plans.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)(1)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders			
OneWater Marine Inc. 2021 Employee Stock Purchase Plan ⁽²⁾	—	—	449,257
Equity compensation plans not approved by security holders			
OneWater Marine Inc. 2020 Omnibus Incentive Plan ⁽³⁾	559,793	\$—	1,564,156
Total	559,793	\$—	2,013,413

(1) All outstanding awards represent restricted stock units, which do not have an exercise price.

(2) The ESPP contains a formula for calculating the number of securities available for issuance under the ESPP. Pursuant to such formula, the total number of shares of our Class A common stock reserved for issuance pursuant to awards under the Incentive Plan is equal to the sum of (i) 299,505 initially reserved for issuance pursuant to the ESPP, plus (ii) an annual increase on October 1 of each year equal to (A) 149,752 or (B) such lesser of number of shares (including zero) that the Administrative Committee (as defined in the ESPP) determines for purposes of the annual increase for such fiscal year, in each case, subject to adjustment as provided in the ESPP. As of September 30, 2022, no awards had been issued under the ESPP.

(3) The Incentive Plan contains a formula for calculating the number of securities available for issuance under the Incentive Plan. Pursuant to such formula, the total number of shares of our Class A common stock reserved for issuance pursuant to awards under the Incentive Plan is equal to 10% of our fully diluted shares outstanding from time to time, subject to adjustment as provided in the Incentive Plan.

DIRECTOR COMPENSATION

During the fiscal year ended September 30, 2022, each of our non-employee directors received the compensation set forth in the table below. Employee directors are not compensated for their additional service provided to our Board and thus are not included in the table below.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$)(1)(2)	Total (\$)(3)
Mitchell W. Legler	\$105,000	\$75,000	\$180,000
John F. Schraudenbach	\$ 95,000	\$75,000	\$170,000
John G. Troiano	\$ 82,500	\$75,000	\$157,500
Christopher W. Bodine	\$ 85,000	\$75,000	\$160,000
Jeffrey B. Lamkin	\$ 75,000	\$75,000	\$150,000

Keith R. Style	\$ 75,000	\$75,000	\$150,000
Greg Shell	\$ 37,500	\$38,722	\$ 76,222
Steve Roy	\$ 18,750	\$ —	\$ 18,750

- (1) Represents the aggregate grant date fair value of 2,487 RSUs granted to each nonemployee director other than Messrs. Shell and Roy on October 1, 2021. Mr. Shell joined the Board effective April 1, 2022 and was granted a pro-rated award of 1,124 RSUs on April 1, 2022. Mr. Roy joined the Board effective August 12, 2022 and did not receive an equity or equity-based award during the 2022 fiscal year. The RSUs granted to the non-employee directors vested in full on September 30, 2022, subject to the director's continued service on the Board. As of September 30, 2022, all outstanding RSU awards held by our directors had vested in full, and thus, our directors did not hold any outstanding RSU awards.
- (2) Represents the aggregate grant date fair value of RSUs granted to each nonemployee director determined in accordance with FASB ASC 718, excluding the effect of estimated forfeitures. See Note 12 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2022, for a discussion of the assumptions used in determining the FASB ASC 718 grant date fair value of these awards.
- (3) The directors are also eligible to receive discounts on certain purchases (including boats), services and storage and have access to demonstration boats for their personal use, but these additional perquisites did not result in any additional cost to us and therefore no amount is being reported in this table in connection with these perquisites.

We believe that attracting and retaining qualified non-employee independent directors is critical to the future value of our continued growth and governance. We also believe that the compensation package for our non-employee independent directors should require that a portion of the total compensation package be equity-based to align the interests of these directors with our equity holders. The following narrative describes the director compensation policy in effect during fiscal year 2022. For information regarding the new director compensation policy approved by the Board, which became effective October 1, 2022, see the section titled "Compensation Actions Taken After 2022 Fiscal Year End" below.

We pay our non-employee independent directors an annual retainer of \$75,000 in cash each year and award each non-employee independent director with an RSU grant valued, on the date of grant, at \$75,000, which will vest one year following the date of grant. The number of RSUs granted annually to the non-employee independent directors is determined by dividing the total value of the RSU award by the adjusted closing price of our Class A common stock immediately prior to the grant date. In addition, the various chairs of Board committees received the following additional cash retainers during fiscal year 2022:

- Non-Executive Chair, if any: \$30,000
- Audit Committee Chair: \$20,000
- Compensation Committee Chair: \$15,000
- Governance Committee Chair: \$10,000

Cash retainers are ordinarily paid quarterly in arrears. In addition, our non-employee independent directors are required, within five years of joining the Board, to hold shares of our common stock with a value of \$225,000 (or three times the value of the base annual retainer paid to non-employee independent directors).

Compensation Actions Taken After 2022 Fiscal Year End***Director Compensation Program***

The nominating and corporate governance committee of the Board reviewed the fiscal year 2022 director compensation policy compared to peer data provided by Aon. Following its review, the nominating and corporate governance committee determined that it would be in the best interest of the Company and its stockholders to implement the changes to the director compensation program described below in order to continue to provide competitive director compensation that will allow the Company to attract and retain qualified non-employee directors. Based on the committee's recommendation, the Board approved the changes described below, which generally became effective for the 2023 fiscal year, provided that the increase to the value of the annual equity-based awards granted to directors will become only if our stockholders approve the Incentive Plan Amendment.

Pay Element	2022	2023
Annual Base Cash Retainer	\$75,000	\$ 75,000
Additional Annual Cash Retainers		
• Non-Executive Chair, if any	\$30,000	\$ 80,000
• Audit Committee Chair	\$20,000	\$ 25,000
• Compensation Committee Chair	\$15,000	\$ 20,000
• Governance Committee Chair	\$10,000	\$ 20,000
Annual Value of Equity and Equity-Based Awards	\$75,000	\$125,000

Further, the Board approved an increase to the policy's director stock ownership requirements. During fiscal year 2022, non-employee directors were required, within five years of joining the Board, to hold shares of our Class A common stock with a value of \$225,000 (or three times the value of the base annual retainer paid to non-employee independent directors). Effective beginning in fiscal year 2023, non-employee directors are required to hold shares of our Class A common stock with a value of \$225,000 within five years of joining the Board, \$300,000 within six years of joining the Board, and \$375,000 (or five times the value of the base annual retainer) within seven years of joining the Board.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In addition to the director and executive compensation arrangements discussed above, this section describes transactions since October 1, 2021, to which we have been or will be a participant, in which the amount involved exceeded or will exceed \$120,000, and in which any of our directors, executive officers or holders of more than 5% of any class of our voting stock, or any member of the immediate family of, or person sharing the household with, any of these individuals, had or will have a direct or indirect material interest.

Limited Liability Company Agreement of One Water Marine Holdings, LLC

In connection with our IPO, in February 2020, OneWater LLC amended and restated its limited liability company agreement (the “OneWater LLC Agreement”) to, among other things provide for a single class of common units representing ownership interests in OneWater LLC and provide for certain other rights as specified therein.

During fiscal year 2022, the Company, certain of our non-executive directors or entities controlled by such directors (Jeffrey B. Lamkin) and stockholders Peter and Teresa Bos (and entities controlled by them) held OneWater LLC Units.

Below is a summary of certain terms of the OneWater LLC Agreement.

Redemption Rights

Under the OneWater LLC Agreement, the holders of units in OneWater LLC (“OneWater Unit Holders”), subject to certain limitations, have the right (the “Redemption Right”), to cause OneWater LLC to acquire all or a portion of their OneWater LLC Units for, at OneWater LLC’s election, (i) shares of our Class A common stock at a redemption ratio of one share of Class A common stock for each OneWater LLC Unit redeemed, subject to conversion rate adjustments for stock splits, stock dividends and reclassification or (ii) an equivalent amount of cash. Alternatively, upon the exercise of the Redemption Right, the Company (instead of OneWater LLC) has the call right (the “Call Right”) to acquire each tendered OneWater LLC Unit directly from the OneWater Unit Holders for, at the Company’s election, (x) one share of Class A common stock or (y) an equivalent amount of cash. In addition, the Company has the right to require (i) upon the acquisition by the Company of substantially all of the OneWater LLC Units, certain minority unitholders, or (ii) upon a change of control of the Company, each OneWater Unit Holder (other than the Company), to exercise its Redemption Right with respect to some or all of such unitholder’s OneWater LLC Units. As the OneWater Unit Holders cause their OneWater LLC Units to be redeemed, holding other assumptions constant, the Company’s membership interest in OneWater LLC will be correspondingly increased, the number of shares of Class A common stock outstanding will be increased, and the number of shares of Class B common stock will be decreased.

Distributions and Allocations

Under the OneWater LLC Agreement, subject to the obligations of OneWater LLC to make tax distributions and to reimburse the Company for its corporate and other overhead expenses, the Company has the right to determine when distributions will be made to the holders of OneWater LLC Units and the amount of any such distributions. If the Company authorizes a distribution, such distribution will be made to the holders of OneWater LLC Units generally on a pro rata basis in accordance with their respective percentage ownership of OneWater LLC Units. In fiscal year 2022, OneWater LLC made distributions to the Company totaling \$784,141 for tax purposes.

The holders of OneWater LLC Units, including the Company, will generally incur U.S. federal, state and local income taxes on their share of any net taxable income of OneWater LLC. Net income and losses of OneWater LLC generally will be allocated to the holders of OneWater LLC Units on a pro rata basis in accordance with their respective percentage ownership of OneWater LLC Units, subject to requirements under U.S. federal income tax law that certain items of income, gain, loss or deduction be allocated disproportionately in certain circumstances. To the extent OneWater LLC has available cash and subject to the terms of any current or future debt instruments, the OneWater LLC Agreement requires OneWater LLC to make pro rata cash distributions to OneWater Unit Holders, including the Company, in an amount sufficient to allow the Company to pay its taxes and to make payments under the Tax Receivable Agreement (as defined below). In addition, the OneWater LLC Agreement requires OneWater LLC to make non-pro rata payments to the Company to reimburse us for our corporate and other overhead expenses, which payments are not treated as distributions under the OneWater LLC Agreement.

Issuance of Equity

The OneWater LLC Agreement provides that, except as otherwise determined by us, at any time the Company issues a share of its Class A common stock or any other equity security, the net proceeds received by the Company with respect to such issuance, if any, shall be concurrently invested in OneWater LLC, and OneWater LLC shall issue to the Company one OneWater LLC Unit or other economically equivalent equity interest. Conversely, if at any time, any shares of the Company's Class A common stock are redeemed, repurchased or otherwise acquired, OneWater LLC shall redeem, repurchase or otherwise acquire an equal number of OneWater LLC Units held by the Company, upon the same terms and for the same price, as the shares of our Class A common stock are redeemed, repurchased or otherwise acquired.

Competition

Under the OneWater LLC Agreement, the members have agreed that affiliates of Beekman, and its respective affiliates are permitted to engage in business activities or invest in or acquire businesses which may compete with our business or do business with our customers. Beekman is beneficially owned and controlled by John G. Troiano, one of our directors.

Dissolution

OneWater LLC will be dissolved only upon the first to occur of (i) the sale of substantially all of its assets or (ii) an election by us to dissolve OneWater LLC. Upon dissolution, OneWater LLC will be liquidated and the proceeds from any liquidation will be applied and distributed in the following manner: (a) first, to creditors (including to the extent permitted by law, creditors who are members) in satisfaction of the liabilities of OneWater LLC, (b) second, to establish cash reserves for contingent or unforeseen liabilities and (c) third, to the members in proportion to the number of OneWater LLC Units owned by each of them.

Tax Receivable Agreement

In connection with our IPO, the Company entered into a tax receivable agreement with certain owners of OneWater LLC (the "Tax Receivable Agreement"), including certain affiliates of P. Austin Singleton, Anthony Aisquith, certain entities controlled by Jeffrey B. Lamkin, Mitchell W. Legler, Beekman and Keith R. Style. The Company made \$0.3 million in payments under the Tax Receivable Agreement in fiscal year 2022 and made an aggregate of \$1.2 million in payments in fiscal year 2023.

As described above under "Limited Liability Company Agreement of One Water Marine Holdings, LLC" the OneWater Unit Holders may cause their OneWater LLC Units to be redeemed for shares of Class A common stock or cash, as applicable, in the future pursuant to the Redemption Right or the Call Right. OneWater LLC has made or intends to make for itself (and for each of its direct or indirect subsidiaries that is treated as a partnership for U.S. federal income tax purposes and that it controls) an election under Section 754 of the Code, that will be effective for the taxable year of our IPO and each taxable year in which a redemption of OneWater LLC Units pursuant to the Redemption Right or the Call Right occurs. Pursuant to the Section 754 election, the Company's acquisition (or deemed acquisition for U.S. federal income tax purposes) of OneWater LLC Units pursuant to the Redemption Right or the Call Right are expected to result in adjustments to the tax basis of the tangible and intangible assets of OneWater LLC. These adjustments will be allocated to the Company. Such adjustments to the tax basis of the tangible and intangible assets of OneWater LLC would not have been available to the Company absent its acquisition or deemed acquisition of OneWater LLC Units pursuant to the exercise of the Redemption Right or the Call Right. The anticipated basis adjustments are expected to increase (for tax purposes) the Company's depreciation and amortization deductions and may also decrease the Company's gains (or increase its losses) on future dispositions of certain assets to the extent the increase in tax basis is allocated to those assets. Such increased deductions and losses and reduced gains may reduce the amount of tax that the Company would otherwise be required to pay in the future.

The Company entered into the Tax Receivable Agreement with certain of the OneWater Unit Holders at the closing of our IPO. The Tax Receivable Agreement generally provides for the payment by the Company to such OneWater Unit Holders of 85% of the net cash savings, if any, in U.S. federal, state and local income and franchise tax (computed using the estimated impact of state and local taxes) that the Company actually realizes (or is deemed to realize in certain circumstances) in periods after the IPO as a result of, as applicable to each such OneWater Unit Holder, (i) certain increases in tax basis that occur as a result of the Company's acquisition

(or deemed acquisition for U.S. federal income tax purposes) of all or a portion of such OneWater Unit Holder's OneWater LLC Units pursuant to the exercise of the Redemption Right or the Call Right or that relate to prior transfers of OneWater LLC Units that will be available to the Company as a result of its acquisition of those units and (ii) imputed interest deemed to be paid by the Company as a result of, and additional tax basis arising from, any payments the Company makes under the Tax Receivable Agreement. Under the Tax Receivable Agreement the Company will retain the benefit of the remaining 15% of these net cash savings. Certain of the OneWater Unit Holders' rights (including the right to receive payments) under the Tax Receivable Agreement are transferable in connection with transfers permitted under the OneWater LLC Agreement of the corresponding OneWater LLC Units or, subject to the Company's consent (not to be unreasonably withheld, conditioned, or delayed), after the corresponding OneWater LLC Units have been acquired pursuant to the Redemption Right or Call Right.

The payment obligations under the Tax Receivable Agreement are the Company's obligations and not obligations of OneWater LLC, and we expect that the payments the Company will be required to make under the Tax Receivable Agreement will be substantial. Estimating the amount and timing of the Company's realization of tax benefits subject to the Tax Receivable Agreement is by its nature imprecise. The actual increases in tax basis covered by the Tax Receivable Agreement, as well as the amount and timing of the Company's ability to use any deductions (or decreases in gain or increases in loss) arising from such increases in tax basis, are dependent upon significant future events, including but not limited to the timing of the redemptions of OneWater LLC Units, the price of the Company's Class A common stock at the time of each redemption, the extent to which such redemptions are taxable transactions, the amount of the redeeming unit holder's tax basis in its OneWater LLC Units at the time of the relevant redemption, the depreciation and amortization periods that apply to the increase in tax basis, the amount, character, and timing of taxable income the Company generates in the future, the timing and amount of any earlier payments that the Company may have made under the Tax Receivable Agreement, the U.S. federal income tax rate then applicable, and the portion of The Company's payments under the Tax Receivable Agreement that constitute imputed interest or give rise to depreciable or amortizable tax basis. Accordingly, estimating the amount and timing of payments that may become due under the Tax Receivable Agreement is also by its nature imprecise. For purposes of the Tax Receivable Agreement, net cash savings in tax generally will be calculated by comparing the Company's actual tax liability (determined by using the actual applicable U.S. federal income tax rate and an assumed combined state and local income tax rate) to the amount it would have been required to pay had it not been able to utilize any of the tax benefits subject to the Tax Receivable Agreement. Thus, the amount and timing of any payments under the Tax Receivable Agreement are also dependent upon significant future events, including those noted above in respect of estimating the amount and timing of the Company's realization of tax benefits.

In addition, although the Company is not aware of any issue that would cause the IRS or other relevant tax authorities to challenge potential tax basis increases or other tax benefits covered under the Tax Receivable Agreement, the applicable OneWater Unit Holders will not reimburse the Company for any payments previously made under the Tax Receivable Agreement if such basis increases or other benefits are subsequently disallowed, except that excess payments made to any such holder will be netted against future payments otherwise required to be made, if any, to such holder after the Company's determination of such excess (which determination may be made a number of years following the initial payment and after future payments have been made). As a result, in such circumstances, the Company could make payments that are greater than its actual cash tax savings, if any, and may not be able to recoup those payments, which could adversely affect the Company's liquidity.

The term of the Tax Receivable Agreement commenced upon the completion of the IPO and will continue until all tax benefits that are subject to the Tax Receivable Agreement have been utilized or expired, unless the Company exercises its right to terminate the Tax Receivable Agreement. In the event that the Tax Receivable Agreement is not terminated, the payments under the Tax Receivable Agreement are anticipated to commence in 2022 and to continue for 20 years after the date of the last redemption of the OneWater LLC Units. Accordingly, it is expected that payments will continue to be made under the Tax Receivable Agreement for more than 22 years. Payments will generally be made under the Tax Receivable Agreement as the Company realizes actual cash tax savings in periods after this offering from the tax benefits covered by the Tax Receivable Agreement. However, if the Company experiences a change of control (as defined under the Tax Receivable Agreement, which includes certain mergers, asset sales and other forms of business combinations) or the Tax Receivable Agreement terminates early (at the Company's election or as a result of the Company's breach), the Company would be required to make an immediate payment equal to the present value of the anticipated future payments

to be made by it under the Tax Receivable Agreement (determined by applying a discount rate equal to one-year LIBOR plus 100 basis points) and such early termination payment is expected to be substantial. The calculation of anticipated future payments will be based upon certain assumptions and deemed events set forth in the Tax Receivable Agreement, including (i) that the Company has sufficient taxable income to fully utilize the tax benefits covered by the Tax Receivable Agreement, and (ii) that any OneWater LLC Units (other than those held by the Company) outstanding on the termination date are deemed to be redeemed on the termination date. Any early termination payment may be made significantly in advance of, and may materially exceed, the actual realization, if any, of the future tax benefits to which the early termination payment relates.

The Tax Receivable Agreement provides that in the event that the Company breaches any of its material obligations under it, whether (i) as a result of its failure to make any payment when due (including in cases where the Company elects to terminate the Tax Receivable Agreement early, the Tax Receivable Agreement is terminated early due to certain mergers, asset sales, or other forms of business combinations or changes of control or the Company has available cash but fails to make payments when due under circumstances where the Company does not have the right to elect to defer the payment, as described below), (ii) as a result of the Company's failure to honor any other material obligation under it, or (iii) by operation of law as a result of the rejection of the Tax Receivable Agreement in a case commenced under the U.S. Bankruptcy Code or otherwise, then the applicable OneWater Unit Holders may elect to treat such breach as an early termination, which would cause all the Company's payment and other obligations under the Tax Receivable Agreement to be accelerated and become due and payable applying the same assumptions described above.

As a result of either an early termination or a change of control, the Company could be required to make payments under the Tax Receivable Agreement that exceed its actual cash tax savings under the Tax Receivable Agreement. In these situations, the Company's obligations under the Tax Receivable Agreement could have a substantial negative impact on our liquidity and could have the effect of delaying, deferring or preventing certain mergers, asset sales, or other forms of business combinations or changes of control that could be in the best interests of holders of Class A common stock or reducing the consideration paid in any such transaction to holders of Class A common stock. There can be no assurance that the Company will be able to meet its obligations under the Tax Receivable Agreement.

Decisions we make in the course of running our business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments that are received by the applicable OneWater Unit Holders under the Tax Receivable Agreement. For example, the earlier disposition of assets following a redemption of OneWater LLC Units may accelerate payments under the Tax Receivable Agreement and increase the present value of such payments, and the disposition of assets before a redemption of OneWater LLC Units may increase the applicable OneWater Unit Holders' tax liability without giving rise to any rights of the applicable OneWater Unit Holders to receive payments under the Tax Receivable Agreement. Such effects may result in differences or conflicts of interest between the interests of the applicable OneWater Unit Holders and other stockholders.

Payments generally are due under the Tax Receivable Agreement within 5 business days following the finalization of the schedule with respect to which the payment obligation is calculated. However, interest on such payments will begin to accrue from the due date (without extensions) of the Company's U.S. federal income tax return for the period to which such payments relate until such payment due date at a rate equal to one-year LIBOR plus 150 basis points. Except in cases where the Company elects to terminate the Tax Receivable Agreement early or it is otherwise terminated as described above, generally the Company may elect to defer payments due under the Tax Receivable Agreement if the Company does not have available cash to satisfy its payment obligations under the Tax Receivable Agreement or if the Company's contractual obligations limit its ability to make these payments. Any such deferred payments under the Tax Receivable Agreement generally will accrue interest from the due date for such payment until the payment date at a rate of one-year LIBOR plus 550 basis points. However, interest will accrue from the due date for such payment until the payment date at a rate of one-year LIBOR plus 150 basis points if the Company is unable to make such payment as a result of limitations imposed by existing credit agreements. the Company has no present intention to defer payments under the Tax Receivable Agreement.

The Tax Receivable Agreement generally may be amended if approved in writing by the Company, the majority of holders of rights under the Tax Receivable Agreement and, so long Beekman holds rights under the Tax Receivable Agreement, Beekman. To the extent an amendment would disproportionately affect payments

made to certain holders of rights under the Tax Receivable Agreement, such amendment would require the written consent of such holders. Because the Company is a holding company with no operations of its own, its ability to make payments under the Tax Receivable Agreement is dependent on the ability of OneWater LLC to make distributions to the Company in an amount sufficient to cover the Company's obligations under the Tax Receivable Agreement. This ability, in turn, may depend on the ability of OneWater LLC's subsidiaries to make distributions to it. The ability of OneWater LLC, its subsidiaries and other entities in which it directly or indirectly holds an equity interest to make such distributions will be subject to, among other things, the applicable provisions of Delaware law (or other applicable jurisdiction) that may limit the amount of funds available for distribution and restrictions in relevant debt instruments issued by OneWater LLC or its subsidiaries and/or other entities in which it directly or indirectly holds an equity interest. To the extent that the Company is unable to make payments under the Tax Receivable Agreement for any reason, such payments will be deferred and will accrue interest until paid.

Registration Rights Agreement

On February 11, 2020, in connection with the closing of our IPO, we entered into a registration rights agreement (the "Registration Rights Agreement") with Special Situations Investing Group II, LLC and Beekman. Pursuant to the Registration Rights Agreement, we agreed to register the sale of shares of Class A common stock under certain circumstances, as described below.

Subject to the certain limitations, any Holder(s) (as defined in the Registration Rights Agreement) has the right to require us to prepare and file a registration statement registering the offer and sale of a certain number of Registrable Securities (as defined in the Registration Rights Agreement). Generally, we are required to file such registration statement within 45 business days of such Demand Notice (as defined in the Registration Rights Agreement); or, if we are not then eligible to register the Registrable Securities for resale on Form S-3, within 60 business days of such Demand Notice. Subject to certain exceptions, we will not be obligated to effect a demand registration within 90 business days after the closing of any underwritten offering of shares of Class A common stock requested by a Holder.

We are not obligated to file more than three demand registrations for each Holder or its affiliates. We are also not obligated to effect any demand registration, among other things, unless the Registrable Securities requested to be included therein have an aggregate value of at least \$7.5 million or consist of all of the Registrable Securities then held by the Holder(s) delivering the notice (the "Initiating Holder(s)"), as applicable.

In addition, any Initiating Holder(s) then able to effectuate a demand registration has the right, upon written notice to us to require us, subject to certain limitations, to effect a distribution of any or all of its shares of Class A common stock by means of an underwritten offering; provided, that the Registrable Securities of such Initiating Holder(s) requested to be included in such underwritten offering have an aggregate value of at least equal to \$7.5 million or consist of all of the Registrable Securities then held by such Initiating Holder(s) as of such date.

Subject to certain exceptions, if at any time we propose to register an offering of Class A common stock or conduct an underwritten offering, whether or not for our own account, then we must notify each Holder of such proposal reasonably in advance of the anticipated submission or filing date (in the case of a registration) or the commencement of the offering (in the case of an underwritten offering), to allow such Initiating Holder(s) to include a specified number of their shares of Class A common stock in that registration statement or underwritten offering, as applicable.

These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration or offering and our right to delay or withdraw a registration statement under certain circumstances. Subject to certain limitations, we will generally pay all registration expenses in connection with its obligations under the Registration Rights Agreement.

A “related person” means:

- any person who is known by us to be the beneficial owner of more than 5.0% of any class of our voting securities; and
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, director nominee, executive officer or a beneficial owner of more than 5.0% of our Class A common stock, and any person (other than a tenant or employee) sharing the household of such director, director nominee, executive officer or beneficial owner of more than 5.0% of our Class A common stock.

Our Board of Directors has adopted a written related party transactions policy. Pursuant to this policy, our audit committee will review all material facts of all Related Party Transactions and either approve or disapprove entry into the Related Party Transaction, subject to certain limited exceptions. In determining whether to approve or disapprove entry into a Related Party Transaction, our nominating and governance committee will take into account, among other factors, the following: (i) whether the Related Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and (ii) the extent of the related person’s interest in the transaction. Furthermore, the policy requires that all Related Party Transactions required to be disclosed in our filings with the SEC be so disclosed in accordance with applicable laws, rules and regulations. All of the Related Party Transaction discussed in this proxy statement were reviewed pursuant to our related party transactions policy.

The information contained in the following table is not necessarily indicative of beneficial ownership for any other purpose, and the inclusion of any shares in the table does not constitute an admission of beneficial ownership of those shares.

Unless otherwise indicated below, to our knowledge, and subject to applicable community property laws, all persons named in the table have sole voting and dispositive power with respect to their shares of common stock, except to the extent authority is shared by spouses under community property laws.

Our calculation of the percentage of beneficial ownership is based on [] shares of Class A common stock and [] shares of our Class B common stock outstanding as of January 4, 2023.

DELINQUENT SECTION 16(A) REPORTS

Under Section 16(a) of the Exchange Act and SEC rules, our directors, executive officers and beneficial owners of more than 10% of our Class A common stock are required to file periodic reports of their ownership, and changes in that ownership, with the SEC. Based on our review of the filed reports, we believe that all Section 16(a) filing requirements were complied with during the fiscal year ended September 30, 2022, except that, due to inadvertent oversights, Jack Ezzell, Chief Financial Officer, filed a late Form 4 reporting transactions that took place on February 7, 2022 and March 2, 2022 and P. Austin Singleton, Chief Executive Officer and Director, filed a late Form 4 reporting a transaction that took place on February 7, 2022. Though timely filed, Form 4s reporting transactions that took place on October 1, 2021 incorrectly reported the number of non-employee director RSUs granted and required amendment for the following non-employee directors: Mitchell W. Legler, Christopher W. Bodine, Jeffrey B. Lamkin, Bari A. Harlam, John F. Schraudenbach, Keith R. Style and John G. Troiano.

REPORT OF THE AUDIT COMMITTEE

The audit committee evaluates auditor performance, manages relations with the Company's independent registered public accounting firm and evaluates policies and procedures relating to internal control systems. The audit committee operates under a written audit committee charter that has been adopted by the Board, a copy of which is available under "Investors > Corporate Governance > Governance Documents" on our website at www.onewatermarine.com. All members of the audit committee currently meet the independence and qualification standards for audit committee membership set forth in the listing standards and rules of Nasdaq and the SEC.

The functions of the members of the audit committee are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The audit committee serves a Board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors and the experience of the audit committee's members in business, financial and accounting matters.

The audit committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's system of internal controls over financial reporting. In fulfilling its oversight responsibilities, the audit committee reviewed with management the audited financial statements included in the Company's Form 10-K for the fiscal year ended September 30, 2022. This review included a discussion of the quality and the acceptability of the Company's financial reporting, including the nature and extent of disclosures in the financial statements and the accompanying notes.

The audit committee also reviewed with the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the committee pursuant to the applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") and the SEC. The audit committee has received the written disclosures and the letter from the independent registered public accounting firm required by the PCAOB regarding the independent registered public accounting firm's communications with the audit committee concerning independence. The audit committee discussed with the independent registered public accounting firm their independence from management and the Company, including the matters required by the applicable rules of the PCAOB. The audit committee also discussed with the independent registered public accounting firm critical audit matters included in the firm's audit opinion and discussed the firm's opinion regarding the Company's internal controls over financial reporting.

In addition to the matters specified above, the audit committee discussed with the Company's independent registered public accounting firm the overall scope, plans and estimated costs of their audit. The audit committee met with the independent registered public accounting firm periodically to discuss the results of the independent registered public accounting firm's examinations, the overall quality of the Company's financial reporting, internal controls over financing reporting and the independent registered public accounting firm's reviews of the quarterly financial statements.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the Board that the Company's audited financial statements should be included in the Company's Form 10-K for the fiscal year ended September 30, 2022.

The information contained in this report shall not be deemed to be (1) "soliciting material," (2) "filed" with the SEC, (3) subject to Regulations 14A or 14C of the Exchange Act or (4) subject to the liabilities of Section 18 of the Exchange Act. This report shall not be deemed incorporated by reference into any other filings under the Exchange Act or the Securities Act of 1933 except to the extent we specifically incorporate it by reference to such filing.

OTHER BUSINESS

We know of no other matters to be submitted to a vote of stockholders at the Annual Meeting. If any other matter is properly brought before the Annual Meeting or any adjournment thereof, it is the intention of the persons named in the enclosed proxy to vote the shares they represent in accordance with their judgment. In order for any stockholder to nominate a candidate or to submit a proposal for other business to be acted upon at a given annual meeting of stockholders, he or she must provide timely written notice to our corporate secretary in the form prescribed by our Bylaws, as described under “Stockholder Proposals.”

STOCKHOLDER PROPOSALS

Stockholder proposals intended to be included in the proxy materials for the 2024 Annual Meeting of Stockholders pursuant to Rule 14a-8 under the Exchange Act must be received by the Secretary of the Company no later than [], or otherwise as permitted by applicable law. The form and substance of these proposals must satisfy the requirements established by the Company's Bylaws and the SEC.

Additionally, stockholders seeking to recommend a director candidate or who intend to present a stockholder proposal at the 2024 Annual Meeting of Stockholders not intended to be included in the proxy materials must provide the Secretary of the Company with written notice of the proposal no earlier than 120 days before the anniversary of the preceding year's annual meeting of stockholders and no later than 90 days before the anniversary of the preceding year's annual meeting of stockholders (provided, however, that if the date of the annual meeting of stockholders is more than 30 days before or more than 60 days after the anniversary of the preceding year's annual meeting of stockholders, then written notice must be received by the Company not later than the 10th day following the day on which the date of the 2024 Annual Meeting of Stockholders is first publicly announced by the Company). A stockholder nomination or written notice of a stockholder proposal at the 2024 Annual Meeting of Stockholders not intended to be included in the proxy materials must be provided no earlier than October 26, 2023 and no later than November 25, 2023. Notice must be tendered in the proper form prescribed by our Bylaws. Proposals not meeting the requirements set forth in our Bylaws will not be entertained at the annual meeting of stockholders.

Any stockholder seeking to recommend a director candidate or any director candidate who wishes to be considered by the nominating and governance committee, the committee that recommends nominees to the Board for election at each annual meeting of stockholders, must provide the Secretary of the Company with the information required by our Bylaws, which includes, but is not limited to: (a) all information relating to such nominee that would be required to be disclosed in a proxy statement for the election of such nominee as a director in a contested election pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder and such nominee's written consent to serve as a director if elected; (b) a description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships, between or among such stockholder and such nominee, if any, and their respective affiliates and associates, or others acting in concert therewith, on the one hand, and the proposed nominee, and his respective affiliates and associates, or others acting in concert therewith, on the other hand, including, without limitation, all information that would be required to be disclosed pursuant to Rule 404 promulgated under Regulation S-K if the stockholder making the nomination and any beneficial owner on whose behalf the nomination is made, if any, or any affiliate or associate thereof or person acting in concert therewith, were the "registrant" for purposes of such rule and the nominee were a director or executive officer of such registrant; (c) a representation that such nominee intends to serve a full term, if elected as director; and (d) such other information as the Company may reasonably require to determine the eligibility of the proposed nominee to serve as a director of the Company or that the Company believes could be material to a reasonable stockholder's understanding of the independence (both from management and from the stockholders or, if the proposal is made on behalf of a beneficial owner other than the stockholder of record, from such beneficial owner) or qualifications of such nominee.

In addition to satisfying the requirements under the Bylaws described in the immediately preceding paragraphs, to comply with the universal proxy rules under the Exchange Act, any stockholder who intends to solicit proxies in support of director nominees other than the Board's nominees must provide written notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than []. However, if the date of the 2024 Annual Meeting of Stockholders is more than 30 days before or after the anniversary of the date of the preceding year's annual meeting of stockholders, then such written notice must be delivered by the later of (x) the 10th day following the public announcement of the date of the 2024 Annual Meeting of Stockholders is first made by the Company and (y) the date which is 60 days prior to the date of the 2024 Annual Meeting.

The nominating and governance committee is not required to consider director candidates received after the applicable date or without the required information. The nominating and governance committee will consider all director candidates who comply with these requirements and will evaluate these candidates using the criteria described above under the caption "Proposal No. 1—Election of Directors—Nomination of Directors." Director candidates who are then nominated by the Board will be included in the Company's proxy statement for that annual meeting of stockholders.

APPENDIX C

Adjusted EBITDA Reconciliation

We view Adjusted EBITDA as an important indicator of performance. We define Adjusted EBITDA as net income (loss) before interest expense – other, income taxes, depreciation and amortization and other (income) expense, further adjusted to eliminate the effects of items such as the change in the fair value of warrant liability, gain (loss) on contingent consideration, gain (loss) on extinguishment of debt and transaction costs.

Our board of directors, management team and lenders use Adjusted EBITDA to assess our financial performance because it allows them to compare our operating performance on a consistent basis across periods by removing the effects of our capital structure (such as varying levels of interest expense), asset base (such as depreciation and amortization) and other items (such as the fair value adjustment of the warrants, gain (loss) on contingent consideration, gain (loss) on extinguishment of debt and transaction costs) that impact the comparability of financial results from period to period. We present Adjusted EBITDA because we believe it provides useful information regarding the factors and trends affecting our business in addition to measures calculated under GAAP. Adjusted EBITDA is not a financial measure presented in accordance with GAAP. We believe that the presentation of this non-GAAP financial measure will provide useful information to investors and analysts in assessing our financial performance and results of operations across reporting periods by excluding items we do not believe are indicative of our core operating performance. Net income (loss) is the GAAP measure most directly comparable to Adjusted EBITDA. Our non-GAAP financial measure should not be considered as an alternative to the most directly comparable GAAP financial measure. You are encouraged to evaluate each of these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in such presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. There can be no assurance that we will not modify the presentation of Adjusted EBITDA in the future, and any such modification may be material. Adjusted EBITDA has important limitations as an analytical tool and you should not consider Adjusted EBITDA in isolation or as a substitute for analysis of our results as reported under GAAP. Because Adjusted EBITDA may be defined differently by other companies in our industry, our definition of this non-GAAP financial measure may not be comparable to similarly titled measures of other companies, thereby diminishing its utility.
